

# DELTA BAG - SPIRITUS SYSTEMS DELTA BAG MULTICAM

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The Delta Bag is a compact, assault medic bag that is designed to be worn over a plate carrier and hold a wide variety of medical supplies and equipment. The front of the bag is divided into three uniformly sized compartments with diagonal zipper access that enables the end user to quickly access the entire pocket without having to reposition any of its contents. The unique configuration also aids in passive retention of gear when the compartment is opened. The main compartment of the Delta Bag is a clamshell design with two full fields of loop that can accept any hookbacked accessories (including the entire line of Spiritus Systems utility inserts, and other 3rd party products). The bag can be transported with the clamshell in the open position from location to location using the integrated briefcase handles, and provides an intuitive workstation when emergency medical care is being administered. The back side of the pack features two slim compartments for keeping flat-pack items secure and damage free, and keeps the pack close to the body when worn. The included straps for the delta bag are removeable and replaceable with any 3rd party straps that attach with 1" webbing. The bag features four sewn-in metal tri-glide mounting points for strap integration. The Delta bag features mesh and metal eyelets in key locations for full water drainage capability, and is designed to remain effective and accessible in austere environments.

## Attributes

- Name: [SPIRITUS SYSTEMS DELTA BAG MULTICAM](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104966
- Mfr. No.: BU-DB-MC

# Delta Bag Spiritus Systems Safety Instruction Guide

## Introduction

Thank you for choosing the Delta Bag from Spiritus Systems. This compact assault medic bag is designed for ease of use and accessibility in emergency situations. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the Delta Bag is used only for its intended purpose as a medical supply carrier.
- Regularly inspect the bag for any signs of wear or damage. Do not use if damaged.
- Keep the bag out of reach of children when not in use to prevent accidents.
- Do not overload the bag beyond its intended capacity, as this may compromise its integrity and ease of use.
- Be aware of your surroundings when using the bag in emergency situations to avoid hazards.

## Specific Safety Precautions for Use

- When accessing the compartments, ensure that you are in a safe location to avoid injury from surrounding obstacles.
- Use the integrated briefcase handles to transport the bag; avoid carrying it by the compartments to prevent accidental opening.
- When using the clamshell design, ensure that the bag is placed on a stable surface to prevent it from tipping over.
- Be cautious of sharp objects within the bag, such as scissors or other medical tools, to avoid injury.
- If using thirdparty straps or accessories, ensure they are compatible and securely attached to prevent accidental detachment during use.

## Instructions for Installation and Usage

### 1. Initial Setup:

- Remove the Delta Bag from its packaging and inspect it for any visible damage.
- Familiarize yourself with the bag's compartments and features.

### 2. Loading Supplies:

- Open the front compartments using the diagonal zippers.
- Organize your medical supplies within the three compartments for quick access.
- Utilize the main clamshell compartment for larger items and accessories.
- Ensure that all items are securely placed and that the bag is not overloaded.

### 3. Transporting the Bag:

- Use the integrated briefcase handles to carry the bag.
- Keep the bag closed while transporting to prevent items from falling out.
- If necessary, adjust the removable straps for added convenience.

### 4. Using the Bag in Emergencies:

- Open the bag fully to access all supplies quickly.

- Ensure the bag is stable and secure during use, especially in dynamic environments.
- After use, close the compartments securely to protect the contents.

## **Disposal Instructions**

- Dispose of the Delta Bag in accordance with local regulations for textile and electronic waste.
- If the bag is damaged beyond repair, ensure that it is disposed of in a manner that prevents any potential hazards to the environment or public safety.

## **Contact Information for Further Support**

For any safety inquiries, recalls, or further assistance regarding the Delta Bag, please reach out to your local distributor or check the relevant online platforms for updates.

By following these safety instructions, you can ensure the optimal performance and safety of your Delta Bag while using it for emergency medical situations. Thank you for your attention to these important safety guidelines.
