

# DELTA BAG - SPIRITUS SYSTEMS DELTA BAG MULTICAM TROPIC

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The Delta Bag is a compact, assault medic bag that is designed to be worn over a plate carrier and hold a wide variety of medical supplies and equipment. The front of the bag is divided into three uniformly sized compartments with diagonal zipper access that enables the end user to quickly access the entire pocket without having to reposition any of its contents. The unique configuration also aids in passive retention of gear when the compartment is opened. The main compartment of the Delta Bag is a clamshell design with two full fields of loop that can accept any hookbacked accessories (including the entire line of Spiritus Systems utility inserts, and other 3rd party products). The bag can be transported with the clamshell in the open position from location to location using the integrated briefcase handles, and provides an intuitive workstation when emergency medical care is being administered. The back side of the pack features two slim compartments for keeping flat-pack items secure and damage free, and keeps the pack close to the body when worn. The included straps for the delta bag are removable and replaceable with any 3rd party straps that attach with 1" webbing. The bag features four sewn-in metal tri-glide mounting points for strap integration. The Delta bag features mesh and metal eyelets in key locations for full water drainage capability, and is designed to remain effective and accessible in austere environments.

## Attributes

- Name: [SPIRITUS SYSTEMS DELTA BAG MULTICAM TROPIC](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104967
- Mfr. No.: BU-DB-MT

# Delta Bag Safety Instruction Guide

## Introduction

Thank you for choosing the Delta Bag by Spiritus Systems. This compact assault medic bag is designed to hold various medical supplies and equipment securely. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this manual.

## General Safety Guidelines

- **Product Safety:** The Delta Bag is designed to be safe for use in various environments. Always inspect the bag for any signs of damage before use.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to the Delta Bag. Regularly check the EU's Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the retailer complies with EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children without adult supervision. Ensure that all medical supplies are stored out of reach of children.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer's contact information provided with your product.
- **Rapid Alerts:** Be aware of any alerts regarding unsafe products through the Safety Gate system.

## Specific Safety Precautions for Use

- **Inspection Before Use:** Always check the Delta Bag for any damage or wear before each use. Do not use if any part of the bag is compromised.
- **Weight Limit:** Ensure that the bag is not overloaded beyond its weight capacity of 1.261 lbs to maintain ease of use and prevent strain.
- **Proper Handling:** Use the integrated briefcase handles to carry the bag. Avoid pulling or dragging the bag to prevent damage.
- **Water Drainage:** The bag features mesh and metal eyelets for water drainage. Ensure these are not blocked to maintain functionality.
- **Secure Storage:** Store the Delta Bag in a secure location when not in use, away from moisture and extreme temperatures.
- **Use in Austere Environments:** While the bag is designed for austere environments, always assess your surroundings for potential hazards before use.

## Instructions for Installation and Usage

### 1. Setting Up the Bag:

- Open the clamshell design by unzipping the diagonal zippers on the front compartments.
- Ensure that all contents are arranged securely within the compartments for easy access.

### 2. Transporting the Bag:

- Use the integrated briefcase handles to carry the bag when moving between locations.
- Keep the clamshell open during transport if you need quick access to supplies.

### 3. Using the Compartments:

- Utilize the three front compartments for quick access to frequently used medical supplies.
- Make sure to close the zippers securely after use to prevent items from falling out.

### 4. Replacing Straps:

- If necessary, remove the existing straps by detaching them from the sewn-in metal triglide mounting points.
- Attach any compatible 3rd party straps using 1" webbing, ensuring they are securely fastened.

## 5. Cleaning and Maintenance:

- Clean the exterior of the bag with a damp cloth. Avoid using harsh chemicals that may damage the fabric.
- Regularly check for wear and tear, especially around the zippers and compartments.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the Delta Bag responsibly. If the bag is no longer usable, consider recycling the materials if possible.
- **Local Regulations:** Follow local regulations for disposal of textile products. Check with your local waste management authority for guidance.

## Contact Information for Further Support

For any questions or concerns regarding the Delta Bag, please refer to the manufacturer's contact information included with your product. It is important to reach out for any safety inquiries or product support.

By following these safety instructions, you can ensure the effective and safe use of your Delta Bag. Thank you for your attention to these guidelines, and we wish you safe and effective use of your product.
