

DELTA BAG - SPIRITUS SYSTEMS DELTA BAG RANGER GREEN

[Emergency & Survival Gear](#) > [Backpacks & Bags](#) > [Backpacks](#)

The Delta Bag is a compact, assault medic bag that is designed to be worn over a plate carrier and hold a wide variety of medical supplies and equipment. The front of the bag is divided into three uniformly sized compartments with diagonal zipper access that enables the end user to quickly access the entire pocket without having to reposition any of its contents. The unique configuration also aids in passive retention of gear when the compartment is opened. The main compartment of the Delta Bag is a clamshell design with two full fields of loop that can accept any hookbacked accessories (including the entire line of Spiritus Systems utility inserts, and other 3rd party products). The bag can be transported with the clamshell in the open position from location to location using the integrated briefcase handles, and provides an intuitive workstation when emergency medical care is being administered. The back side of the pack features two slim compartments for keeping flat-pack items secure and damage free, and keeps the pack close to the body when worn. The included straps for the delta bag are removeable and replaceable with any 3rd party straps that attach with 1" webbing. The bag features four sewn-in metal tri-glide mounting points for strap integration. The Delta bag features mesh and metal eyelets in key locations for full water drainage capability, and is designed to remain effective and accessible in austere environments.

Delta Bag Safety Instruction Guide

Introduction

Thank you for choosing the Delta Bag by Spiritus Systems. This compact assault medic bag is designed for efficient carrying of medical supplies and equipment. To ensure safe and effective use of your Delta Bag, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always inspect the Delta Bag before each use for any signs of damage or wear.
- Ensure that the bag is securely fastened and properly adjusted to fit snugly when worn over a plate carrier.
- Keep the bag and its contents away from extreme heat, moisture, and direct sunlight to prevent damage.
- Store the Delta Bag in a cool, dry place when not in use.
- If the bag becomes wet, allow it to dry completely before storing it.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended weight limit of 1.261 lbs to maintain optimal performance and safety.
- **Proper Handling:** Use the integrated briefcase handles for transportation and avoid carrying the bag by the zippers or compartments.
- **Secure Contents:** Ensure all items are properly secured within the compartments to prevent shifting during movement.
- **Children's Safety:** This product is not intended for use by children. Keep out of reach of children to prevent accidents.
- **Strap Usage:** Only use straps that are compatible with 1" webbing and ensure they are securely attached to the bag.
- **Emergency Situations:** Familiarize yourself with the bag's layout and contents to ensure quick access during emergencies.

Instructions for Installation and Usage

1. Wearing the Bag:

- Place the Delta Bag over your plate carrier, ensuring it fits snugly against your body.
- Adjust the straps as necessary for comfort and security.

2. Accessing Contents:

- Use the diagonal zippers to access the compartments without having to reposition the contents.
- Ensure the bag is stable before opening compartments to avoid spills.

3. Transporting the Bag:

- When transporting, hold the bag by the briefcase handles.
- Keep the clamshell design in the open position for easy access to medical supplies.

4. Maintaining the Bag:

- Regularly check for wear and tear, especially on zippers and straps.
- Clean the bag with a damp cloth and mild detergent if necessary, and allow it to air dry.

Disposal Instructions

- Dispose of the Delta Bag in accordance with local regulations.
- If the bag is damaged beyond repair, consider recycling materials where possible.
- Do not incinerate the bag as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety or product support, please consult the manufacturer or authorized retailer. Ensure you have the product details ready for assistance.

Thank you for your attention to these safety instructions. Your safety and the effective use of the Delta Bag are our top priorities.
