

# FAT STRAP MK4 - SPIRITUS SYSTEMS FAT STRAP MK4 BLACK

[Home](#)

The Fat Strap MK4 is a universal H-harness solution designed to work with the Micro Fight Chassis, 34 A Split Chest Rig, and Thing 2 expansion chassis. This reduced profile design now includes an updated Squadron overlay panel with more horizontal mounting points for PTTs and other equipment, as well as shock cord holes for mounting other kit. A loop field patch on the back completes the Straps for placement of name tapes or IR Markers. Brilliance in the Basics means that we constructed these without complicated yoke systems or unnecessary features. The Fat Strap MK4 is a single strap. You do NOT need to order two to complete your Micro Fight or 34A Split Chest Rig. You only need to order ONE. NOTE: The FAT STRAP is part of our Micro Fight and 34A Chest Rig Systems. This item does not include the chassis, back strap, magazine inserts, or any other accessories. Some images are shown with optional accessories, sold separately.

## Attributes

- Name: [SPIRITUS SYSTEMS FAT STRAP MK4 BLACK](#)

# FAT STRAP MK4 Safety Instruction Guide

## Introduction

Thank you for choosing the FAT STRAP MK4 by Spiritus Systems. This guide provides essential safety information and instructions to ensure the safe use of the product. Please read this guide carefully before using the FAT STRAP MK4.

## General Safety Guidelines

- Ensure that the FAT STRAP MK4 is used only for its intended purpose as a harness solution for compatible equipment.
- Inspect the FAT STRAP MK4 before each use for any signs of wear or damage. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals to avoid accidental injury.
- Follow all instructions for installation and use to minimize the risk of accidents.
- Report any unsafe product experiences or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that the FAT STRAP MK4 is securely attached to the compatible chassis before use.
- Avoid overloading the strap with excessive weight or equipment beyond its designed capacity.
- Be cautious of sharp objects or edges that may come into contact with the strap during use.
- Do not modify the FAT STRAP MK4 in any way, as this may compromise its safety and performance.
- When using the strap in outdoor environments, be aware of environmental factors that may affect its integrity, such as extreme temperatures or moisture.

## Instructions for Installation and Usage

### 1. Installation

- Identify the compatible chassis (Micro Fight Chassis, 34 A Split Chest Rig, or Thing 2 expansion chassis).
- Align the FAT STRAP MK4 with the designated attachment points on the chassis.
- Securely fasten the strap to the attachment points, ensuring a snug fit.
- Check that the strap is properly installed by tugging gently to confirm it is secure.

### 2. Usage

- Adjust the strap to fit comfortably on your body. Ensure that it does not restrict movement or cause discomfort.
- Attach any additional equipment, such as PTTs, using the horizontal mounting points provided.
- Regularly check the fit and security of the strap during use, especially if engaging in physical activities.

## Disposal Instructions

- Dispose of the FAT STRAP MK4 in accordance with local regulations regarding textile and plastic waste.
- If the product is damaged or no longer needed, consider recycling where facilities are available.
- Do not incinerate the product as it may release harmful substances.

## Contact Information for Further Support

For any questions or concerns regarding the FAT STRAP MK4, please refer to the EUbased contact information

provided by the retailer or manufacturer. Always ensure you are following the latest safety guidelines and product updates.

Thank you for your attention to safety and for choosing Spiritus Systems.
