

# FAT STRAP MK4 - SPIRITUS SYSTEMS FAT STRAP MK4 MULTICAM ARID

[Home](#)

The Fat Strap MK4 is a universal H-harness solution designed to work with the Micro Fight Chassis, 34 A Split Chest Rig, and Thing 2 expansion chassis. This reduced profile design now includes an updated Squadron overlay panel with more horizontal mounting points for PTTs and other equipment, as well as shock cord holes for mounting other kit. A loop field patch on the back completes the Straps for placement of name tapes or IR Markers. Brilliance in the Basics means that we constructed these without complicated yoke systems or unnecessary features. The Fat Strap MK4 is a single strap. You do NOT need to order two to complete your Micro Fight or 34A Split Chest Rig. You only need to order ONE. NOTE: The FAT STRAP is part of our Micro Fight and 34A Chest Rig Systems. This item does not include the chassis, back strap, magazine inserts, or any other accessories. Some images are shown with optional accessories, sold separately.

## Attributes

- Name: [SPIRITUS SYSTEMS FAT STRAP MK4 MULTICAM ARID](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430104982
- Mfr. No.: CR-FS-MA-04

# Safety Instruction Guide for FAT STRAP MK4

## SPIRITUS SYSTEMS

### Introduction

Thank you for choosing the FAT STRAP MK4 by SPIRITUS SYSTEMS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before installation and usage.

### General Safety Guidelines

- Ensure the FAT STRAP MK4 is used only for its intended purpose as a harness.
- Inspect the product for any visible damage before each use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all instructions provided in this guide to minimize risks associated with use.
- Report any unsafe conditions or incidents to the relevant authorities.

### Specific Safety Precautions for Use

- Always wear the FAT STRAP MK4 correctly to avoid injury.
- Do not overload the harness with excessive weight beyond its designed capacity.
- Avoid using the harness in environments that may expose it to sharp objects or extreme temperatures.
- Ensure that all adjustments to the strap are secure before use.
- Be cautious of entanglement hazards with the strap and any attached equipment.

### Instructions for Installation and Usage

#### 1. Installation:

- Unpack the FAT STRAP MK4 and check all components are included.
- Identify the front and back of the harness. The loop field patch should be positioned at the back.
- Adjust the strap length to fit your body size comfortably.
- Secure all buckles and straps to ensure a snug fit.

#### 2. Usage:

- Place the harness over your shoulders, ensuring it sits evenly.
- Attach any additional equipment as needed, utilizing the horizontal mounting points on the Squadron overlay panel.
- Before engaging in any activity, perform a final check to ensure all attachments are secure.

#### 3. Maintenance:

- Regularly inspect the FAT STRAP MK4 for signs of wear or damage.
- Clean the harness with a damp cloth and mild detergent, if necessary. Avoid harsh chemicals that may degrade materials.
- Store the harness in a cool, dry place when not in use.

### Disposal Instructions

- Dispose of the FAT STRAP MK4 in accordance with local regulations.
- If the product is no longer usable, consider recycling the materials if possible.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any inquiries regarding safety or product issues, please reach out to the designated EU contact point associated with this product. Ensure you have the product details ready for assistance.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and effective experience with your FAT STRAP MK4.
