

FAT STRAP MK4 - SPIRITUS SYSTEMS FAT STRAP MK4 MULTICAM BLACK

[Home](#)

The Fat Strap MK4 is a universal H-harness solution designed to work with the Micro Fight Chassis, 34 A Split Chest Rig, and Thing 2 expansion chassis. This reduced profile design now includes an updated Squadron overlay panel with more horizontal mounting points for PTTs and other equipment, as well as shock cord holes for mounting other kit. A loop field patch on the back completes the Straps for placement of name tapes or IR Markers. Brilliance in the Basics means that we constructed these without complicated yoke systems or unnecessary features. The Fat Strap MK4 is a single strap. You do NOT need to order two to complete your Micro Fight or 34A Split Chest Rig. You only need to order ONE. NOTE: The FAT STRAP is part of our Micro Fight and 34A Chest Rig Systems. This item does not include the chassis, back strap, magazine inserts, or any other accessories. Some images are shown with optional accessories, sold separately.

Introduction

Thank you for choosing the FAT STRAP MK4 by SPIRITUS SYSTEMS. This product is designed to provide a secure and versatile harness solution for your Micro Fight Chassis and 34A Split Chest Rig. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** Ensure that the FAT STRAP MK4 is used only as intended. This product is designed for nonfood applications and is not suitable for uses outside its specified purpose.
- **Enhanced Recalls:** Regularly check for any recall notices related to this product. If a recall occurs, follow the instructions provided for a safe remedy.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements and provides clear product information.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please consult the appropriate EU-based contact or retailer.
- **Rapid Alerts:** Stay informed about any updates regarding unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Proper Fit:** Ensure that the Fat Strap MK4 fits securely and comfortably before use. An improper fit may lead to accidents or injuries.
- **Inspection:** Before each use, inspect the strap for any signs of wear, damage, or defects. Do not use if any issues are detected.
- **Load Capacity:** Do not exceed the recommended load limits for the Fat Strap MK4. Overloading may compromise its integrity and safety.
- **Environmental Conditions:** Avoid using the Fat Strap MK4 in extreme weather conditions that could affect its performance, such as heavy rain or extreme heat.
- **Avoid Modifications:** Do not alter or modify the Fat Strap MK4 in any way. Modifications can compromise safety and functionality.

Instructions for Installation and Usage

1. Installation:

- Lay the Fat Strap MK4 flat on a clean, dry surface.
- Identify the mounting points on your Micro Fight Chassis or 34A Split Chest Rig.
- Align the strap with the mounting points and secure it according to the manufacturer's instructions.
- Ensure all connections are tight and secure before proceeding.

2. Usage:

- Once installed, adjust the strap to ensure a snug fit against your body.
- Check that the strap does not impede movement or cause discomfort during use.
- If using with additional equipment, ensure that all items are securely attached and do not interfere with the functionality of the strap.

3. Maintenance:

- Regularly clean the Fat Strap MK4 with a damp cloth to remove dirt and debris.
- Store the strap in a cool, dry place when not in use to prevent deterioration.

Disposal Instructions

- Dispose of the FAT STRAP MK4 in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the materials if possible.
- Do not dispose of the strap in regular household waste if it can be recycled or repurposed.
