

FAT STRAP MK4 - SPIRITUS SYSTEMS FAT STRAP MK4 MULTICAM

[Home](#)

The Fat Strap MK4 is a universal H-harness solution designed to work with the Micro Fight Chassis, 34 A Split Chest Rig, and Thing 2 expansion chassis. This reduced profile design now includes an updated Squadron overlay panel with more horizontal mounting points for PTTs and other equipment, as well as shock cord holes for mounting other kit. A loop field patch on the back completes the Straps for placement of name tapes or IR Markers. Brilliance in the Basics means that we constructed these without complicated yoke systems or unnecessary features. The Fat Strap MK4 is a single strap. You do NOT need to order two to complete your Micro Fight or 34A Split Chest Rig. You only need to order ONE. NOTE: The FAT STRAP is part of our Micro Fight and 34A Chest Rig Systems. This item does not include the chassis, back strap, magazine inserts, or any other accessories. Some images are shown with optional accessories, sold separately.

Safety Instruction Guide for FAT STRAP MK4

SPIRITUS SYSTEMS

Introduction

Thank you for choosing the FAT STRAP MK4 from SPIRITUS SYSTEMS. This product is designed to enhance your tactical gear experience while ensuring safety and functionality. Please read this safety instruction guide carefully to understand how to use the FAT STRAP MK4 safely and effectively.

General Safety Guidelines

- Ensure that the FAT STRAP MK4 is used only for its intended purpose as a harness solution for compatible chassis systems.
- Regularly inspect the strap for any signs of wear, damage, or defects before each use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental misuse.
- Follow all provided instructions for installation and usage to avoid potential hazards.
- In case of any malfunction or damage, discontinue use immediately and consult a professional for assessment.

Specific Safety Precautions for Use

- Do not exceed the weight limits specified by the manufacturer for the FAT STRAP MK4.
- Avoid using the strap in wet or slippery conditions where it may not perform as intended.
- Ensure that all equipment attached to the strap is securely fastened to prevent accidental detachment during use.
- Be cautious when adjusting the strap to ensure it is fitted correctly and comfortably to avoid injury.
- If using the strap with other equipment, verify that all components are compatible and safe to use together.

Instructions for Installation and Usage

1. Installation:

- Identify the compatible chassis (Micro Fight Chassis, 34 A Split Chest Rig, or Thing 2 expansion chassis).
- Attach the FAT STRAP MK4 to the designated mounting points on the chassis.
- Ensure that the strap is securely fastened and that all connection points are tight.
- Adjust the strap length to fit your body comfortably without compromising safety.

2. Usage:

- Before use, doublecheck that the strap is properly installed and that all attachments are secure.
- Wear the strap over appropriate clothing to prevent chafing and ensure comfort.
- Regularly check the strap during use to ensure it remains secure and comfortable.
- If using additional accessories, ensure they do not interfere with the strap's functionality or safety.

Disposal Instructions

- When the FAT STRAP MK4 reaches the end of its life or is no longer in use, dispose of it responsibly.
- Check local regulations for guidance on the disposal of textile and plastic materials.
- Do not dispose of the product in regular household waste; consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the FAT STRAP MK4, please contact the manufacturer or your point of purchase for assistance. Ensure that you have the product details and any relevant information ready for a more efficient response.

This safety instruction guide is designed to help you use the FAT STRAP MK4 safely and effectively. For any further inquiries or concerns, please reach out to the appropriate support channels. Thank you for your attention to safety.
