

# AR-15 ANTI TILT RECEIVER EXTENSION - PATRIOT ORDNANCE FACTORY AR-15 CARBINE RECEIVER EXTENSION ANTI-TILT

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tubes](#)

POF's Mil-Spec 7075-T6 aircraft aluminum Anti tilt Buffer Tube uses "carrier cradle" extensions to ensure that the carrier is always supported by the buffer tube, even when the bolt is forward. This prevents carrier-tilt and premature wear on the buffer tube. Thus, the buffer-detent button doubles as a lock that stops the buffer tube from rotating and becoming loose under extreme operation conditions. POF-USA's designing also features three (3) extra drain holes for marine environments. Replacement Compatible with All P415 and P416 rifles with 6 position buffer tube. \*\*Replacement Compatible with P308 rifles manufactured BEFORE October 2012 that used a 6-position Anti Tilt Buffer Tube! New P308 rifles feature a 7-Position Buffer Tube that utilize the standard AR15 Carbine Buffer and .308 A2 Rifle Length spring. Refer to the first two digits of your weapon's serial number for the year. If it reads "12-", please check your rifle's adjustable stock position count before making your purchase.

## Attributes

- Name: [PATRIOT ORDNANCE FACTORY AR-15 CARBINE RECEIVER EXTENSION ANTI-TILT](#)
- Manufacturer: [PATRIOT ORDNANCE FACTORY](#)
- Product no.: 430105103

# AR15 AntiTilt Receiver Extension Safety Instructions

## Introduction

Thank you for choosing the AR15 AntiTilt Receiver Extension by Patriot Ordnance Factory. This product is designed to enhance the performance of your AR15 carbine by preventing carrier tilt and ensuring optimal operation. To ensure your safety and the proper functioning of the product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that all components are compatible with your firearm before installation.
- Always handle firearms with care and in a safe manner.
- Store this product in a secure location away from children and unauthorized users.
- Regularly inspect the receiver extension for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.

## Specific Safety Precautions for Use

- Do not use this product if it appears damaged or malfunctioning.
- Ensure that the buffer tube is properly installed and secured before use.
- Always check that the adjustable stock position is set correctly for your specific rifle model.
- Be cautious of the operational environment. If using in marine or extreme conditions, ensure that the extra drain holes are unobstructed to prevent moisture buildup.
- If you experience any unusual behavior from your firearm while using this product, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Compatibility Check

- Verify that your rifle is a P415 or P416 model with a 6position buffer tube.
- For P308 rifles manufactured before October 2012, ensure that a 6position AntiTilt Buffer Tube is used.

### 2. Installation Steps

- Ensure the firearm is unloaded and safe to work on.
- Remove the existing buffer tube from the receiver.
- Align the AntiTilt Receiver Extension with the receiver and insert it.
- Secure the buffer tube in place using the bufferdetent button, ensuring it locks properly.
- Check the installation by gently attempting to rotate the buffer tube. It should remain secure.

### 3. Usage Guidelines

- Confirm that the buffer tube is functioning as intended before firing.
- Regularly inspect the buffer tube and the surrounding components for signs of wear.
- Follow standard firearm operation procedures when using your AR15.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding firearm accessories and materials.
- Do not dispose of the product in regular household waste.
- Consider recycling options where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the AR15 AntiTilt Receiver Extension, please consult the manufacturer's website or contact a qualified firearms expert.

By following these safety instructions, you can ensure the safe and effective use of your AR15 AntiTilt Receiver Extension. Thank you for your attention to these important guidelines.
