## Control Your Overgassed AK-style Rifle

The AK platform, though renowned for its reliability and durability in battlefield conditions, has a well-known flaw: its gas system is hugely overgassed.

Luckily, the market stepped up to provide a solution in the form of the KNS Precision AK Adjustable Gas Piston. How do you know if your AK-style rifle needs better gas regulation? Head to the range, fire a few rounds and see how far your brass ejects. If it's hitting the ground more than 15 feet away, then you need the KNS Precision AK Adjustable Gas Piston. This setup helps to reduce wear on the gun, providing for a longer operating life. Uses existing gas block Small-caliber piston designed for .223 Rem., 5.56 NATO and 5.45x39mm Large-caliber piston designed for 7.62x39mm, .308 Win., and 7.62x54R. Fits AKM, AK-74, VEPR, PSL and M92 rifles. Each KNS Precision AK Adjustable Gas Piston can be installed without the use of a gunsmith in the space of 10 minutes, ensuring you can get back onto the range with little downtime.

\* Vepr and Saiga Pistons will require drilling through the op-rod after screwing the piston into the carrier, due to variations in the staking location. These Op-Rods are Phosphated instead of Nitrided to allow easy drilling.\*

## Attributes

- Name: [KNS PRECISION ADJUSTABLE GAS PISTON SYSTEM AMD-65](#)
- Manufacturer: [KNS PRECISION](#)
- Product no.: 430105251
- Mfr. No.: AGP-A-6
- Make: -
- Model Number: AMD-65
- Delivery weight: 0.159kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 279mm
- UPC: 853906008263

## Item details

Made in USA

US export classification: 0A501.c

# AK Adjustable Gas Piston Safety Instruction Guide

## Introduction

Thank you for choosing the KNS Precision AK Adjustable Gas Piston System AMD65. This product is designed to enhance the performance of your AKstyle rifle by improving gas regulation. It is important to follow safety guidelines to ensure safe usage and optimal performance. This guide provides essential safety instructions and information for the proper installation and use of the gas piston system.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your AKstyle rifle before installing the gas piston system.
- Always handle firearms with care and treat them as if they are loaded.
- Use eye protection and hearing protection when firing your rifle.
- Store the gas piston system and your rifle in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings when firing, and ensure that the area is safe and free from obstacles.
- Regularly inspect your rifle and the gas piston system for any signs of wear or damage.
- If you experience any malfunctions or irregularities, stop using the product immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Only use the KNS Precision AK Adjustable Gas Piston with compatible calibers:
  - Smallcaliber piston: .223 Rem., 5.56 NATO, and 5.45x39mm
  - Largecaliber piston: 7.62x39mm, .308 Win., and 7.62x54R
- Do not attempt to modify the gas piston system or use it with incompatible firearms.
- Ensure that the gas block is properly installed and secure before using the rifle.
- Avoid excessive firing without proper gas regulation, as this may lead to increased wear on your firearm.
- Monitor brass ejection distance; if brass is ejecting more than 15 feet, consider adjusting the gas piston settings.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your rifle is unloaded and safe to work on.
- Remove the existing gas piston from the gas block.
- Insert the KNS Precision AK Adjustable Gas Piston into the gas block.
- Ensure that the piston is seated properly and secured.
- Reassemble any components you may have removed during the installation.

### 2. Usage

- After installation, head to the shooting range to test the gas piston system.
- Adjust the gas settings according to your preference and the ammunition you are using.
- Monitor the performance during shooting, and make any necessary adjustments to optimize gas flow.
- Regularly clean and maintain the gas piston system for optimal performance.

## Disposal Instructions

- Dispose of the KNS Precision AK Adjustable Gas Piston in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular trash. Contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the KNS Precision AK Adjustable Gas Piston, please refer to the contact information provided with your product packaging or visit the manufacturer's website. Always ensure that you have the latest information regarding safety recalls and product updates.

By following these guidelines, you can ensure the safe and effective use of your KNS Precision AK Adjustable Gas Piston System AMD65. Thank you for your attention to safety, and enjoy your enhanced shooting experience!
