

# LINK COBRA FORE GRIP W/CABLE MANAGEMENT - STRIKE INDUSTRIES LINK COBRA FORE GRIP WITH CABLE MANAGEMENT IN BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The Strike Ambush 45-Degree Optic Mount gives you a modular dual mounting plate design which covers just about all mainstream red dots on the market. When you want to run a dual optic setup and have a close distance Mini/Micro Red Dot Sight (MRDS) with a Low Power Variable Optic (LPVO) scope, this 45-degree optic mount is a low-profile and high-strength accessory without forcing you to pick only one red dot you have to pair it up with. The 45-degree angle should get you out of the way of most LPVO scopes along with two mounting positions to pick from on the SI Multi-Optic Mount side. Easily place a MRDS alongside a LPVO with the low-profile SI-Ambush Picatinny rail mount that either sits flush with the top of the Pic rail or slightly below making it easier to sit under a scope or scope mount. The Strike Ambush 45 comes with a dual footprint mounting plate which has the SI Multi-Optic Mount on one side and the Aimpoint® Micro Standard footprint for T-1/T-2 compatible red dots on the other side making this a new innovative modular option for a diverse market. The SUS630 hardened stainless steel Picatinny rail mount is ambidextrous for either side. The 6061-T6 aluminum mounting plate can be flipped to select which MRDS but also oriented to work with the right or left side of the Pic rail. Fitment for one or fitment for almost all MRDS' on the market, the Strike Ambush 45-Degree Optic Mount gives you a simple, compact and modular just about all-in-one solution. Package Contents: x1 Strike Ambush 45-degree mount (fully assembled) x1 Strike double sided optic plate x2 Screw for optic plate to mount [M3x10mm T10 Flat] x4 Screw for Aimpoint Micro Standard [M3x7mm T10 Rounded] x3 Screw [M3x8mm T10 Flat] x3 Screw [M3x9mm T10 Flat] x3 Screw [M3x10mm T10 Flat] x3 Screw [M3x8mm T14 Flat] x3 Screw [M3x8mm T15 Flat] x3 Screw [M3x8mm T10 Rounded] x3 Screw [M3x10mm T10 Rounded] x3 Screw [M3x11mm T11 Rounded] x5 Large mounting post x5 Small mounting post x5 Shallow mounting post x3 Tall mounting post x1 Torx tool [T10] x1 Torx tool [T25] x1 Loctite® Threadlocker Blue 243® x1 Multi-Optic Mount card -x1 Warning card Product Features: 45-degree offset Dual footprint mounting plate with SI Multi-Optic Mount and Aimpoint® Micro Standard Ambidextrous for either side Two mounting positions to pick from on SI Multi-Optic Mount side SI-AMBUSH low-profile mounting system The Strike Industries LINK Cobra Fore Grip with Cable Management is the evolution of the original SI Cobra Tactical Fore Grip which was developed for the shooter to use different grip techniques and allow the user to have a secure and comfortable grip in any situation or position. Designed to offer a barricade stop functionality with ridged face which prevents any sliding during shooting when braced against a table or wall. This version of the Cobra Fore Grip utilizes our patented SI LINK system which allows mounting onto both M-LOK and KeyMod compatible devices. The uniqueness of this handguard accessory does not just stop with the attachment. Also included is the patent pending SI Cable Management System® (CMS) function which enables you to organize and store excess wire from your weapon light or any other cabled accessories. Cables can be routed alongside the handguard, across to the other side, 90-degrees or U-shape. Shooters from all walks of life and different size hands can use the SI Cobra Fore Grip without worrying if the grip is too big or the angle would be too aggressive that it would strain your hand. The Strike Industries LINK Cobra

Fore Grip with Cable Management is a lightweight high-strength impact resistant custom blended SI Polymer Extreme material that gives multiple ergonomic grip options for better weapon manipulation control. # Safety Instruction Guide for LINK Cobra Fore Grip with Cable Management

## Introduction

Thank you for choosing the LINK Cobra Fore Grip with Cable Management by Strike Industries. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure the product is suitable for your firearm and intended use.
- Always follow local laws and regulations regarding firearm accessories.
- Regularly inspect the product for signs of wear or damage.
- Keep this product out of reach of children and unauthorized users.
- Report any unsafe product conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the LINK Cobra Fore Grip only as intended. Improper use may lead to accidents or injuries.
- Ensure that all screws and nuts are securely tightened before use. Check them regularly as part of your firearm maintenance routine.
- Do not exceed the recommended torque of 20 in/lbs (2.26 nM) for the LINK screws.
- Be cautious when routing cables through the Cable Management System to avoid entanglement or snagging during use.
- If you experience any discomfort or strain while using the grip, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and safe to work on.
- Select the appropriate mounting system (MLOK or KeyMod) based on your firearm's specifications.
- Align the LINK Cobra Fore Grip with the desired mounting location.
- Secure the grip using the provided screws and nuts. Ensure all fasteners are tightened securely.
- Check the orientation of the grip to ensure it is comfortable and functional for your shooting style.

### 2. Cable Management:

- Use the SI Cable Management System to organize excess wires from your weapon light or other cabled accessories.
- Route cables alongside the handguard, across to the other side, or in a 90degree or Ushape as needed.
- Ensure cables do not obstruct the operation of the firearm or pose a risk of entanglement.

### 3. Usage:

- Grip the LINK Cobra Fore Grip firmly but comfortably, allowing for effective weapon manipulation.
- Utilize the barricade stop functionality by bracing the ridged face against stable surfaces when shooting.
- Adjust your grip as necessary to accommodate different shooting positions and techniques.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for plastic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options for the materials if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage, please refer to the manufacturer's website or contact their support team. Ensure you have the product details on hand for a more efficient response.

By following these guidelines, you can ensure a safe and enjoyable experience with the LINK Cobra Fore Grip with Cable Management. Thank you for your attention to safety!
