

# **BENELLI M2 VALOR OF ACTION HANDGUARD - STRIKE INDUSTRIES VALOR OF ACTION HANDGUARD FOR BENELLI M2 IN BLACK**

[Shotgun Parts](#) > [Stock & Forend Parts](#) > [Forends](#)

Strike Industries brings another dimension of functionality and innovation to one of the most popular inertia gas system shotgun platforms in the world, the Benelli M2. Pairing premium material construction with distinguished SI styling, the VOA Series is the first line of full aluminum forends ever made for Benelli/Mossberg/Remington. Forged by an intensive extrusion mold process and precision CNC milling, the VOA Series handguard for the Benelli M2 is an essential upgrade to your shotgun. The advanced ergonomic design is highlighted by the detailed finish of the hard anodized 6061-T6 aluminum. The semi-matte finish and contoured cuts allow for a finer grip. Complete with 9 total M-LOK rail system slots and rear bottom angled to prevent catching fingers/hands on the handguard while reloading, this 1-pc handguard is designed to minimize weight (under 9 ounces) and increase strength. Steel QD sockets at the rear of the handguard gives you more sling mounting options but this VOA handguard still retains access to the front OEM sling plate. The Strike Industries VOA Handguard for Benelli M2 gives you a drop-in installation option with endless multiple configurations for general use, operations or competitions. **COMPATIBILITY:** Benelli M2 & M1 **NOTE:** Due to numerous factors that take place during the anodization process, the color lines from batch to batch of a certain product may vary **WARNING:** Before every use, always check proper function of your QD mount and/or sling loop and any wear and tear from use Always have your weapon in the SAFE position when not being fired Always follow all firearms safety rules and never point your weapon at anything you are not willing to destroy **Package Contents:** x1 VOA handguard for Benelli M2 (fully assembled) x1 Shim (spare if needed to tighten fitment for your specific M2) **Product Features:** Aggressive ridges for added dexterity and weapon control 9 M-LOK rail system slots at 2, 6 and 10 o'clock positions for accessory mounting options (3 each position) Rear bottom angled to prevent catching fingers/hands on handguard while reloading 1-pc handguard design to minimize weight and increase strength Steel QD socket at rear of handguard at 4 and 8 o'clock positions Lightweight at under 9 ounces Retain access to front OEM sling plate Handguard machined from 6061-T6 aluminum **Drop-in installation** **COMPATIBILITY:** Benelli M2 & M1 **NOTE:** Due to numerous factors that take place during the anodization process, the color lines from batch to batch of a certain product may vary **WARNING:** Before every use, always check proper function of your QD mount and/or sling loop and any wear and tear from use Always have your weapon in the SAFE position when not being fired Always follow all firearms safety rules and never point your weapon at anything you are not willing to destroy **DISCLAIMER:** "Benelli" is a federally registered trademarks of Benelli USA and are one of many trademarks owned by Benelli USA. # Safety Instruction Guide for Benelli M2 Valor of Action Handguard by Strike Industries

## Introduction

Thank you for choosing the Benelli M2 Valor of Action Handguard from Strike Industries. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms safely and responsibly.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- Always verify that your firearm is in the SAFE position when installing or adjusting the handguard.
- Check the compatibility of the handguard with your specific model (Benelli M2 & M1).
- Be aware of the potential hazards associated with the use of firearms, including accidental discharge.
- Ensure that the QD mount and sling loop function properly before use.
- Avoid placing your fingers or hands in the path of moving parts during installation or operation.
- Do not exceed the weight limits of the handguard and accessories mounted on it.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe position.
- Gather all necessary tools for installation, including the provided shim if needed.

### 2. Installation Steps:

- Remove the existing handguard from your Benelli M2.
- Align the Strike Industries VOA handguard with the mounting points on the firearm.
- Secure the handguard in place using the appropriate screws provided.
- If necessary, use the shim to tighten the fitment for your specific M2 model.
- Ensure the handguard is firmly attached and does not move.

### 3. Usage:

- Familiarize yourself with the handguard's features, including MLOK rail system slots for accessory mounting.
- Ensure that all accessories are securely attached and do not obstruct the operation of the firearm.
- Practice safe handling and storage of your firearm with the new handguard installed.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Benelli M2 Valor of Action Handguard, please refer to the manufacturer's website or contact customer support directly.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Benelli M2 Valor of Action Handguard. Always prioritize safety and responsible handling when using firearms and their accessories. Thank you for your attention to these important safety measures.
