

CUSTOMIZABLE TWO-POINT SLINGS - Edgar Sherman Design

CUSTOMIZABLE TWO-POINT NYLON SLING, MULTICAM ARID

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The Edgar Sherman Design Sling, ESD Sling, was designed with purpose, research extreme testing, and experience. The ESD Sling is adaptable to the end-user. The ESD Sling is highly customizable to any rifle, sub-gun, shotgun, hunting rifle, bolt action, and PDW weapon system. There are two adjustment sections on the ESD sling. A rear adjustment section to fit the ESD sling to your body size and additional gear. And a quick-adjust section to loosen or tighten the sling while in use. The ESD Sling adjustment system is more adaptable to natural body movement and body mechanics. The 1-inch width of the ESD sling has less friction than wider slings and allows the ESD sling to move across your body without resistance. The ESD sling has a new updated elastic regulator preventing webbing from twisting or jamming when adjusting. This elastic has a natural pull tab that allows the sling to be folded upon itself and stored tightly on the weapon system. This feature is great for patrol vehicle storage or bag/pack/case storage. Simply pull on the ESD Sling to deploy the sling to its full length. Key Features NEW MK 1.5 updated elastic is featured on all slings to quicken and ease the stowing functionality of the sling. NEW MK 1.5 updated tags for a cleaner, more legible, and higher fade-resistant logo NEW MK 1.5 Made in USA and Berry Amendment Compliant tag hid in the rear section of the sling ESD Pull Tab featured on all slings! Enhanced grip for easier adjustability. Quick-adjust moves naturally in both opening and closing Super lightweight Streamline design Can fold into itself for vehicle operations and quickly be released from storage Berry Amendment compliant materials 20+inches of adjustment in the rear section of the strap Open Ends: This means that you will have an ITW tri-glide on each end of the sling to secure your attachment method. You could add any connection method for your rifle that you'd like and if needed trim the sling to your size (this is standard on most rifle slings). Hand-made in the USA

Safety Instruction Guide for CUSTOMIZABLE TWOPOINT SLINGS

Introduction

Thank you for choosing the CUSTOMIZABLE TWOPOINT SLING by Edgar Sherman Design. This guide provides essential safety instructions to ensure the safe use of your sling. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose as specified in this guide.
- Always inspect the sling for any signs of wear, damage, or malfunction before each use.
- Avoid using the sling in wet or slippery conditions that may compromise your grip or stability.
- Keep the sling away from children and vulnerable individuals unless supervised by an adult.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- **Adjustment Sections:**
 - Use the rear adjustment section to fit the sling to your body size and additional gear.
 - Use the quickadjust section to loosen or tighten the sling while in use. Ensure adjustments are secure before use.
- **Elastic Regulator:**
 - Be cautious when using the elastic regulator to prevent webbing from twisting or jamming.
 - Ensure the natural pull tab is functioning correctly before folding the sling for storage.
- **Connection Method:**
 - Use the ITW triglide on each end of the sling to secure your attachment method.
 - If trimming the sling is necessary, ensure that the cut is clean and does not affect the sling's integrity.
- **Weight and Load:**
 - Ensure that the sling is rated for the weight of the equipment it is supporting.
 - Avoid overloading the sling beyond its designed capacity.

Instructions for Installation and Usage

1. Fitting the Sling:

- Place the sling over your shoulder and adjust the rear section to fit your body size.
- Adjust the quickadjust section to ensure a snug fit without compromising comfort.

2. Attaching the Sling:

- Secure the ITW triglide on each end of the sling to your weapon system.
- Ensure that your attachment method is secure and stable before use.

3. Using the Sling:

- To deploy the sling, simply pull on the ESD Sling to extend it to its full length.
- Adjust the sling as needed to ensure ease of movement and comfort.

4. Stowing the Sling:

- To store the sling, fold it upon itself using the natural pull tab.
- Store the sling in a dry and safe location, such as a patrol vehicle, bag, pack, or case.

Disposal Instructions

- Dispose of the sling in accordance with local regulations regarding textile products.
- Ensure that any components that may pose a hazard to the environment are disposed of responsibly.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please reach out to the designated EU contact point for assistance.

By following the above safety instructions, you can ensure the safe and effective use of your CUSTOMIZABLE TWOPOINT SLING. Thank you for your attention to safety.
