

ENHANCED FOREGRIPS FOR M-LOK COMPATIBLE RIFLES - Edgar Sherman Design ENHANCED FOREGRIP FOR AR-15 RIFLE, BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The ESD EFG (Enhanced Fore Grip) was designed to ease end-users ability to control their rifle, mitigate recoil, and have faster, more accurate follow-through. From the angle of the ESD EFG to the width, it's made with human-centered design in mind. Its angle allows your wrist to be better aligned with your forearm thus strengthening your overall grip. The width of the ESD EFG fits perfectly with the length of the proximal flange of a user's hand. This is important because it means your fingers are getting a more consistent and reliable grip than that of standard rifle grips. The ESD EFG has grooves all along the main curve and on the back of the grip. This allows for more consistency when your hands are wet or while wearing gloves. The grooves and the flat wall on the back section of the ESD EFG allow for more stability in unconventional shooting positions and on barricades. The hook on the bottom of the ESD EFG helps maintain a consistent placement of your hand without the risk of slippage during sustained fire. The hook also benefits the end-user when utilizing barricades to help capture and stabilize the firearm. The ESD EFG is made up of a Nylon material designed to withstand significant amounts of force and high temperatures. The material is known for taking abuse and when broken it tears vs cracking. This is important because if you do manage to damage your EFG it won't be rendered useless and will allow you to finish the job at hand. The ESD EFGs are manufactured in Ranger Green, Flat Dark Earth (FDE), and Multicam are all cerakoted by friends at Weichel Coatings. ESD found their coatings to be the most consistent, and color and camo accurate. The ESD EFG is also compliant with firearms that are classified as pistols and is not classified as a vertical grip.

Attributes

- Name: [Edgar Sherman Design ENHANCED FOREGRIP FOR AR-15 RIFLE, BLACK](#)
- Manufacturer: [Edgar Sherman Design](#)
- Product no.: 430105395
- Mfr. No.: EFG-1.5-BLK
- Attachment: M-LOK
- Colour: Black
- Material: Polymer
- Weapon type: AR-15
- Delivery weight: 0.045kg
- Shipping height: 19mm
- Shipping width: 76mm
- Shipping length: 89mm
- UPC: 850027445434

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for Enhanced Foregrips for MLOK Compatible Rifles

Introduction

Thank you for choosing the Enhanced Foregrip for your MLOK compatible rifle. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure the safe and effective use of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the Enhanced Foregrip is compatible with your rifle model before installation.
- Always handle firearms with care and follow standard safety protocols.
- Keep the foregrip out of reach of children and unauthorized users.
- Regularly inspect the foregrip for signs of wear or damage before each use.
- Do not use the foregrip if it shows signs of excessive wear or damage.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always maintain a firm grip on the foregrip while using your rifle.
- Ensure that your hands are dry and free from substances that may affect grip stability.
- Use gloves that provide adequate tactile feedback when handling the foregrip.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the foregrip in extreme temperatures or conditions that may affect its performance.

Instructions for Installation and Usage

Installation

1. **Prepare the Rifle:** Ensure that your rifle is unloaded and pointed in a safe direction.
2. **Align the Foregrip:** Position the Enhanced Foregrip at the desired location on the MLOK rail.
3. **Secure the Foregrip:**
 - Use the provided screws to attach the foregrip to the MLOK rail.
 - Tighten the screws securely, ensuring the foregrip does not move.
4. **Check Stability:** After installation, check that the foregrip is firmly attached and does not wobble.

Usage

- Grip the Enhanced Foregrip firmly with your dominant hand while aiming and firing.
- Utilize the hook at the bottom of the foregrip to maintain a consistent hand placement.
- Adjust your grip as necessary for comfort and control during use.
- Always practice safe shooting techniques and follow local laws and regulations regarding firearm usage.

Disposal Instructions

- Dispose of the Enhanced Foregrip in accordance with local regulations for plastic waste.
- Do not incinerate or expose the foregrip to extreme heat as it may release harmful substances.
- If the foregrip is damaged beyond use, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Enhanced Foregrip, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for additional resources.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy your Enhanced Foregrip responsibly!
