

ENHANCED FOREGRIPS FOR M-LOK COMPATIBLE RIFLES - Edgar Sherman Design ENHANCED FOREGRIP FOR AR-15 RIFLE, FLAT DARK EARTH

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The ESD EFG (Enhanced Fore Grip) was designed to ease end-users ability to control their rifle, mitigate recoil, and have faster, more accurate follow-through. From the angle of the ESD EFG to the width, it's made with human-centered design in mind. Its angle allows your wrist to be better aligned with your forearm thus strengthening your overall grip. The width of the ESD EFG fits perfectly with the length of the proximal flange of a user's hand. This is important because it means your fingers are getting a more consistent and reliable grip than that of standard rifle grips. The ESD EFG has grooves all along the main curve and on the back of the grip. This allows for more consistency when your hands are wet or while wearing gloves. The grooves and the flat wall on the back section of the ESD EFG allow for more stability in unconventional shooting positions and on barricades. The hook on the bottom of the ESD EFG helps maintain a consistent placement of your hand without the risk of slippage during sustained fire. The hook also benefits the end-user when utilizing barricades to help capture and stabilize the firearm. The ESD EFG is made up of a Nylon material designed to withstand significant amounts of force and high temperatures. The material is known for taking abuse and when broken it tears vs cracking. This is important because if you do manage to damage your EFG it won't be rendered useless and will allow you to finish the job at hand. The ESD EFGs are manufactured in Ranger Green, Flat Dark Earth (FDE), and Multicam are all cerakoted by friends at Weichel Coatings. ESD found their coatings to be the most consistent, and color and camo accurate. The ESD EFG is also compliant with firearms that are classified as pistols and is not classified as a vertical grip.

Attributes

- Name: [Edgar Sherman Design ENHANCED FOREGRIP FOR AR-15 RIFLE, FLAT DARK EARTH](#)
- Manufacturer: [Edgar Sherman Design](#)
- Product no.: 430105397
- Mfr. No.: EFG-1.5-FDE
- Attachment: M-LOK
- Colour: Flat Dark Earth
- Material: Polymer
- Weapon type: AR-15
- Delivery weight: 0.045kg
- Shipping height: 19mm
- Shipping width: 76mm
- Shipping length: 89mm
- UPC: 850027445458

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for ENHANCED FOREGRIPS FOR MLOK COMPATIBLE RIFLES

Introduction

Thank you for choosing the Edgar Sherman Design Enhanced Foregrip for your AR15 rifle. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience with your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the Enhanced Foregrip is compatible with your rifle model and MLOK attachment system.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the product and all firearms out of reach of children and unauthorized users.
- Inspect the foregrip regularly for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Grip Stability:** Ensure your hand is securely placed on the grip to prevent slippage, especially during rapid fire.
- **Environmental Conditions:** Be aware that wet hands or gloves may affect grip stability. Ensure that the grip is dry before use.
- **Shooting Positions:** Use caution when shooting from unconventional positions or barricades. Ensure a stable stance to maintain control.
- **Material Integrity:** The Nylon material is designed for durability; however, inspect for tears or damage. A damaged grip can still be functional but may compromise safety.

Instructions for Installation and Usage

1. Installation:

- Ensure your rifle is unloaded and the safety is engaged.
- Align the Enhanced Foregrip with the MLOK slot on your rifle.
- Secure the grip using the appropriate screws or fasteners provided. Ensure they are tightened adequately but do not overtighten to avoid damaging the grip or rifle.
- Confirm that the grip is firmly attached before proceeding to use the rifle.

2. Usage:

- Hold the foregrip with your dominant hand while maintaining a firm grip on the rifle's trigger and stock with your other hand.
- Maintain a proper shooting stance to enhance control and accuracy.
- During sustained fire, check your hand placement regularly to ensure it remains secure.
- If using barricades, utilize the hook on the bottom of the grip to stabilize your firearm.

Disposal Instructions

- Dispose of the Enhanced Foregrip in accordance with local regulations regarding plastic and polymer materials.
- Do not incinerate the product as it may release harmful substances.
- If the product is damaged beyond use, consider recycling options available in your area.

Contact Information for Further Support

For any inquiries regarding safety or product information, please consult the manufacturer's website or customer support resources. Always ensure that you are following the latest safety guidelines and regulations applicable to your location.

Thank you for prioritizing safety while using the Enhanced Foregrip. Your responsible handling and adherence to these guidelines contribute to a safer shooting experience.
