

MAGWELLS FOR GEN 5 GLOCK HANDGUN - Edgar Sherman Design

MAGWELL FOR GLOCK GEN 5 BLACK

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

The ESD Magwell enhances your reloading with a purpose-driven flare. Every curve, every angle, and every feature on the ESD Magwell is intentional and aligns with ESD's mission to enhance a shooter's capabilities using human-centered design. Featuring symmetrical side cutouts for stripping magazines, the ESD Magwell allows for easy removal of flush-fitting magazines as well as those that have an extension. Additionally, a third cut-out is located on the front of the ESD Magwell. This third cut-out is especially useful in low light/ no light conditions and serves as a reference point for the shooter and allows them to focus on the task at hand rather than worrying about fumbling a magazine during a reload. It can also be used as an additional access point for stripping magazines. This product currently fits only Glock double-stack Gen 5 pistols chambered in 9mm and .40. Generation 3 and 4 magwells are in development and will be released at a later time. NOTE: Glock 19's plug angle is different from full-frame Glocks and requires some modification to work.

Attributes

- Name: [Edgar Sherman Design MAGWELL FOR GLOCK GEN 5 BLACK](#)
- Manufacturer: [Edgar Sherman Design](#)
- Product no.: 430105400
- Mfr. No.: ESD-MW-G5-BLK

Safety Instruction Guide for MAGWELLS FOR GEN 5 GLOCK HANDGUN

Introduction

Thank you for choosing the ESD Magwell for your Glock Gen 5 handgun. This guide provides essential safety information and instructions to ensure the safe use and installation of your product. Please read this guide carefully before using the magwell to maximize safety and performance.

General Safety Guidelines

- Ensure that the product is used only with Glock doublestack Gen 5 pistols chambered in 9mm and .40.
- Always check that your firearm is unloaded before installing or handling the magwell.
- Use the magwell only for its intended purpose as described in this guide.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the magwell for any signs of wear or damage. Do not use if damaged.
- In case of any accidents or injuries, report them to the relevant authorities.

Specific Safety Precautions for Use

- Avoid using the magwell in conditions where visibility is low, unless you are familiar with its features.
- Always ensure that magazines are securely fitted before attempting to reload.
- Do not force magazines into the magwell; if they do not fit easily, check for obstructions.
- Be aware of your surroundings and ensure that you have a clear space when reloading.
- If you experience difficulty removing a magazine, do not attempt to pull it out forcefully; instead, check for proper alignment.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Verify that your Glock Gen 5 is unloaded and pointed in a safe direction.
2. **Remove Existing Magwell (if applicable):** If your pistol has an existing magwell, carefully remove it according to the manufacturer's instructions.
3. **Align the Magwell:** Position the ESD Magwell at the base of the grip, ensuring that it aligns with the magazine well.
4. **Secure the Magwell:** Follow the manufacturer's instructions to secure the magwell in place. Ensure that it is firmly attached and does not wobble.
5. **Check Functionality:** Once installed, check that the magwell allows for smooth insertion and removal of magazines.

Usage

- To reload, ensure that the magazine is correctly oriented and insert it into the magwell.
- Use the symmetrical side cutouts to strip magazines if necessary.
- In low light conditions, utilize the third cutout on the front of the magwell as a reference point to aid in reloading.
- After use, ensure that the magwell remains clean and free of debris.

Disposal Instructions

- Dispose of the magwell in accordance with local regulations regarding plastic and metal materials.
- Do not throw the product into regular household waste. Instead, look for recycling options in your area.

- If the magwell is damaged beyond repair, ensure it is disposed of safely to prevent injury.

Contact Information for Further Support

For any questions or concerns regarding the ESD Magwell, please refer to the manufacturer's official contact points or website for assistance.

By following the guidelines and instructions outlined in this document, you can ensure the safe and effective use of the ESD Magwell for your Glock Gen 5 handgun. Thank you for your attention to safety.
