

QRB UPPER RECEIVER TAKEDOWN KITS W/ LAW FOLDING ADAPTER - QRB UPPER TAKEDOWN KIT PISTOL W/ FOLDING STOCK ADAPATER

The Cry Havoc Tactical QRB (Quick Release Barrel) 2 Pin Upper Receiver Takedown Kit for AR-15 style rifles or pistols. While the QRB was primarily designed for the civilian market, non-civilian applications range from the Air Force using the QRB on the Air Crew Survival Weapon (GAU-5A) for ALL Fighters and Bombers, Motorcycle Police who did not have room for a standard AR-15/M4, to Operators in areas where an exposed AR-15/M4 might bring unwanted attention. In these and other cases, where there is a need for an AR-15/M4, the QRB now makes it possible to fit a rifle into a tight space but still have a usable barrel length for increased velocity. Assemble and Fire in seconds, even in low light. Able to KEEP strong hand on grip - Nothing to Depress or twist with strong hand. Use gross motor skills to assemble due to two-piece gas system. No lining up tiny gas access hole with gas tube first. Able to use a wide range of Free Float Hand Guards for the attachment of Back-up Iron Sights and accessories. Super-fast barrel and upper cleaning. The QRB can retain POA/POI as the barrel still "head-spaces" off the stock positions (our tests have shown accuracy retained to less than 1 MOA of original rifle setup). With the purchase of an additional Barrel Lock Plate, switching to a different barrel length or caliber, like the 300 Blackout, takes just seconds. Proudly made in the USA The QRB Kit can only be used on Barrels with a maximum outside diameter of 0.985" and Free Float Hand Guards with a maximum width of 2.0". Also the QRB will add 1.5" to the length of your free-floating hand guard. To purchase the proper kit simply selection the gas tube option that matches up with your barrels gas system length. A kit designed for pistol caliber AR's that does not include a gas tube is available as well. Includes Barrel Plate, Receiver Plate, Star Nut, and Receiver Plate alignment Pin. Law Tactical's steel adapter enables installation of a folding stock on any AR-15 to create a smaller-profile rifle for easy deployment from a vehicle or transport in non-permissive environments. Works with standard gas impingement OR gas piston system. Accepts A2, mil-spec M4-style, and commercial carbine receiver extension tube and almost any stock that fits them. Compatible with all standard bolt carrier groups, including full-auto and .308 size. Single-button operation for quick folding and unfolding and steel locking latch keeps stock securely in place when extended. Gen3-M has a lowered hinge to avoid interference when charging the weapon, and a setscrew keeps the adapter securely affixed to the receiver. Hinge tension is adjustable so you can choose how stiff the folding mechanism is. Includes special bolt carrier extension (no tools to install/remove). Current version utilizes standard buffer retaining pin and spring. Will only work with compatible Centerfire and Mil-Spec carriers, or compatible AR 9mm Bolts. SPECS: Machined 4140 steel, matte black. Adds 1.3" (3.4cm) to length of pull. 8.5 oz. (241g) wt. Do not fire rifle with stock folded.

Introduction

Thank you for choosing the QRB Upper Receiver Takedown Kit with Law Folding Adapter. This guide provides essential safety instructions, installation guidelines, and usage recommendations to ensure a safe and efficient experience with your product. Please read this document carefully before use.

General Safety Guidelines

To ensure the safe use of the QRB Upper Receiver Takedown Kit, please adhere to the following guidelines:

- Always treat the firearm as if it is loaded, even when unloaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Wear appropriate eye and ear protection when operating the firearm.
- Regularly inspect the firearm and accessories for any signs of wear or damage.
- If you notice any irregularities, do not use the product and consult a qualified gunsmith.
- Always follow local laws and regulations regarding firearms and accessories.
- Be aware of your surroundings and ensure you have a safe and suitable area for shooting.
- Do not use the firearm under the influence of drugs or alcohol.

Specific Safety Precautions for Use

When using the QRB Upper Receiver Takedown Kit, please observe the following precautions:

- Ensure that the kit is compatible with your firearm. The QRB Kit can only be used on barrels with a maximum outside diameter of 0.985 inches and Free Float Hand Guards with a maximum width of 2.0 inches.
- Do not fire the rifle with the stock folded.
- Use the kit in accordance with the manufacturer's specifications to avoid potential malfunctions.
- Be cautious when handling the folding stock adapter; ensure it is securely locked in place before firing.
- Avoid using the kit in adverse weather conditions or environments that may affect its performance.
- Be aware that the QRB Kit adds 1.5 inches to the length of your freefloating hand guard.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the QRB Upper Receiver Takedown Kit:

1. Preparation:

- Ensure the firearm is unloaded and the safety is engaged.
- Gather all necessary tools and components, including the QRB Kit parts: Barrel Plate, Receiver Plate, Star Nut, and Receiver Plate alignment Pin.

2. Installation:

- Remove the existing upper receiver from the lower receiver of your firearm.
- Install the Barrel Plate onto the barrel according to the provided instructions.
- Attach the Receiver Plate to the upper receiver, ensuring proper alignment with the Barrel Plate.
- Secure the components using the Star Nut and alignment Pin as per the manufacturer's guidelines.
- If using the Law Tactical Folding Adapter, install it according to the instructions provided with the adapter.

3. Usage:

- To assemble the firearm, ensure that the strong hand is on the grip without needing to depress or twist any components.
- Use gross motor skills to assemble the firearm, as the twopiece gas system allows for quick assembly.
- After assembly, ensure that the firearm is functioning correctly before use.
- Always check the barrel and upper for cleanliness and proper functioning before firing.

4. PostUse:

- After use, clean the firearm and the QRB components to maintain optimal performance.
- Store the firearm and accessories securely.
