

BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 7MM PRC

BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Attributes

- Name: [FORSTER PRODUCTS, INC. 7MM PRC BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

BENCH REST® SEATER DIES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the BENCH REST® SEATER DIES by Forster Products, Inc. This product is designed for reloading ammunition, specifically for the 7mm PRC cartridge. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure the workspace is clean and organized to prevent accidents.
- Store reloading dies and components in a secure location, out of reach of children.
- Use personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Be aware of your surroundings and ensure that no unauthorized individuals are present during the reloading process.
- Regularly inspect your equipment for wear and damage before use.

Specific Safety Precautions for Use

- **Hazard Awareness:** Always be aware of the potential hazards associated with reloading ammunition, including but not limited to:
 - Fire hazards due to the use of gunpowder.
 - Injury from sharp objects or moving parts.
 - Exposure to chemicals used in the reloading process.
- **Proper Handling:** Handle the dies with care to avoid injury. Do not force components together.
- **Alignment:** Ensure that the case, bullet, and seating stem are properly aligned to prevent misfires or damage to the die.
- **Ventilation:** Work in a wellventilated area to avoid inhaling fumes from gunpowder or other materials.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components before starting the reloading process.
- Read the instruction manual provided with the reloading press and dies.

2. Installation:

- Securely mount the BENCH REST® SEATER DIE to your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to avoid movement during use.

3. Reloading Process:

- Insert the case into the die and ensure it is seated correctly.
- Place the bullet on the case mouth and gently raise the ram to seat the bullet.
- Monitor the seating depth and adjust as necessary to ensure consistency and accuracy.
- After reloading, inspect each round for proper seating and alignment.

4. Cleaning and Maintenance:

- After use, clean the dies with a soft cloth to remove any residue.
- Store the dies in a protective case to prevent damage.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of gunpowder or primers in regular trash. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the BENCH REST® SEATER DIES, please refer to the contact details provided on the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and efficient reloading experience with the BENCH REST® SEATER DIES. Always prioritize safety and stay informed about best practices in reloading. Thank you for your commitment to safety and quality.
