

AT OPTIC MOUNTS - BCM LOWER 1/3 AT OPTIC MOUNT FOR AIMPOINT MICRO T2

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

BCM® A/T™ Optic Mounts Capability in the face of the unexpected and catastrophic, the BCM A/T Mount is built in anticipation of a “no fail” shot that will save another human life. PERFORMANCE WITHOUT PEER Improving on Mil-Spec rail interfaces dating back over 30 years, the BCM A/T mount delivers unprecedented zero retention on a properly mounted red dot optic. Low profile and snag-free, BCM A/T Mounts are built with a minimal number of components - delivering a stronger component with less points of failure, ready to take on dynamic and adverse settings. Each A/T Mount features multiple integral recoil lugs to mitigate recoil and counter recoil to preserve your zero and ensure “no fail” shots are placed where intended by the trained rifleman. Starting at 2.15 oz, each 7075T6 billet mount is hard coat anodized per Mil-A-8625F. Additionally, both the steel alloy clamp and nut are hardened with Nitride coating. THE ANGLED TORQUE™ LOCK-UP A/T (Angled Torque) mounts employ angled torque through a patented* clamp which applies triangulating force to create a stronger and more reliable lock up of the mount onto the end user's rail. To retain the hardware in field conditions, this system uses a serrated locking spring-washer to prevent the loss of torque on the shaft nut. With an equivalent load applied, the A/T Mount delivers approximately twice the clamping force at the picatinny rail, versus a legacy horizontal interface. * US Patent D973.826, and other patents pending THE FLEET The A/T fleet is built optimized for both a variety of missions and proven red dot optics. Aimpoint® T-2, T-1 and CompM5 series: The Marksman lower 1/3 co-witness The Close Combat 1.93" Trijicon® MRO® The Marksman lower 1/3 co-witness The Close Combat 1.93" MADE IN AMERICA All BCM components and accessories unite state of the art manufacturing with lightweight and durable materials to ensure components that last a lifetime, performing far beyond performance requirements established nearly six decades ago. Aimpoint, T-2, T-1, CompM5 trademarks are property of Aimpoint Inc. Trijicon, MRO trademarks are property of Trijicon Inc.

Attributes

- Name: [BCM LOWER 1/3 AT OPTIC MOUNT FOR AIMPOINT MICRO T2](#)
- Manufacturer: [BRAVO COMPANY](#)
- Product no.: 430106543
- Mfr. No.: BCM-OM-AT-21
- Color: Black
- Fits / Used For: Aimpoint Micro T1
- Height: -
- Delivery weight: 0.454kg
- Shipping height: 70mm
- Shipping width: 95mm
- Shipping length: 114mm
- UPC: 812526023834

Safety Instruction Guide for AT Optic Mounts BCM

Lower 1/3 AT Optic Mount for Aimpoint Micro T2

Introduction

Thank you for choosing the BCM A/T Optic Mount for your Aimpoint Micro T2. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure safe use of the BCM A/T Optic Mount by following all instructions provided in this guide.
- Be aware of potential risks associated with the use of mounting hardware, including but not limited to:
 - Improper installation leading to optic misalignment or failure.
 - Use of incompatible optics or accessories.
- Always inspect the mount and optic for any signs of wear or damage before each use.
- Keep this product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Only use the BCM A/T Optic Mount with compatible Aimpoint optics, including T2, T1, and CompM5 series.
- Ensure that the mount is securely attached to the rail before use.
- Do not exceed the manufacturer's specified weight limits for optics.
- Avoid using the mount in extreme environmental conditions without proper checks.
- Regularly check the torque settings of the mount to ensure it remains secure during use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure the mounting surface is clean and free from debris.

2. Installation Steps

- Align the BCM A/T Optic Mount with the desired position on the rail.
- Insert the clamp into the rail slot and ensure it is seated properly.
- Tighten the clamp using the provided nut, applying torque according to the manufacturer's specifications.
- Check that the mount is securely fastened by attempting to wiggle it gently.

3. Usage Instructions

- After installation, attach your Aimpoint Micro T2 optic to the BCM A/T Mount.
- Ensure that the optic is aligned properly for optimal performance.
- Regularly check the mount and optic for any signs of loosening or damage during use.

Disposal Instructions

- Dispose of the BCM A/T Optic Mount in accordance with local regulations.
- Do not dispose of the product with regular household waste.
- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please reach out to the manufacturer or authorized dealer. Always refer to the official website for the most current information and support resources.

By following these safety instructions, you can ensure a safe and effective experience with your BCM A/T Optic Mount. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
