

MK2 CHARGING HANDLE - BRAVO COMPANY BCM MK2 MEDIUM LATCH CHARGING HANDLE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

BCM® Mk 2 CHARGING HANDLES IMMEDIATE ACTION Driven by over a decade of feedback from real-world combat operations, BCM has made continual design refinements and structural improvements to the charging handle in the M4 and M16 to address the current manual of arms for the weapon system. Optimizing the contours into a snag-free profile that facilitates immediate manipulation with an end user's reaction side grip, the range of BCM Charging is available with both ambidextrous and asymmetric controls as well as a size range to accommodate different end-users handsizes. MK 2 RECEIVER OPTIMIZED The U.S. patents pending BCM Mod 3 Charging Handle now features upper and lower and side exhaust channels to vent gas from the chamber away from the shooter during operation of the weapon. While these channels are optimized for the BCM MK2 Upper receiver, they still provide improved gas diversion on all Mil-Spec upper receivers. LIFESAVING TOOLS Redesigned to eliminate the load on the pivot pin and keep the energy from charging close to the centerline of the carbine/rifle, BCM Mk 2 Charging Handles provides an uninterrupted engagement surface with no pinch points to catch skin or other material that could induce a malfunction during a time-is-life manipulation. A patented ambidextrous design with simplified mechanism for robust performance, each Charging Handle is crafted with MIL-SPEC grade forgings and machined from 7075 T6 aluminum, with a hard coat anodized finish per Mil-A-8625F, Type III, Class 2. MADE IN AMERICA All BCM components and accessories unite state of the art manufacturing with lightweight and durable materials to ensure components that last a lifetime, performing far beyond performance requirements established nearly six decades ago.

Attributes

- Name: [BRAVO COMPANY BCM MK2 MEDIUM LATCH CHARGING HANDLE](#)
- Manufacturer: [BRAVO COMPANY](#)
- Product no.: 430106547
- Mfr. No.: BCM-GFH-MK2-MED
- Delivery weight: 0.113kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 229mm
- UPC: 812526023773

Item details

Made in USA

US export classification: 0A501.x

MK2 Charging Handle Safety Instruction Guide

Introduction

Thank you for choosing the BCM® Mk 2 Charging Handle. This product is designed to enhance the functionality and safety of your firearm. It is important to carefully read and follow these safety instructions to ensure proper use and maintenance.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure you are familiar with the operation of your firearm before using the charging handle.
- Inspect the charging handle for any signs of damage or wear before each use.
- Use the charging handle only in conjunction with compatible firearms.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check the EU's Safety Gate platform for recall updates regarding this product.

Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction when manipulating the charging handle.
- Avoid placing your fingers inside the action of the firearm while operating the charging handle.
- Do not force the charging handle; if it does not operate smoothly, stop and inspect for obstructions or damage.
- Use the charging handle with both hands when possible to maintain control and stability.
- Be aware of your surroundings to prevent accidents during firearm operation.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Before installation, make sure the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Handle:** If replacing an existing charging handle, follow the manufacturer's instructions to safely remove it.
3. **Align the Charging Handle:** Position the BCM Mk 2 Charging Handle into the receiver, ensuring it is aligned with the charging handle slot.
4. **Secure the Handle:** Gently push the charging handle into place until it is fully seated. Ensure that it moves freely.
5. **Test Functionality:** Pull the charging handle back to ensure it operates smoothly without obstruction.

Usage

- To operate the charging handle, grip the handle firmly with your reaction side hand.
- Pull the handle back to charge the firearm, ensuring that your fingers are clear of any moving parts.
- Release the charging handle to allow it to return to its resting position.
- Always perform a safety check after charging to confirm the firearm is ready for use.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations regarding metal and electronic waste.
- Do not dispose of the charging handle in regular household waste.
- If the charging handle is damaged or no longer functional, consider recycling the material where possible.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the BCM Mk 2 Charging Handle, please refer to the manufacturer's website or contact your local distributor for assistance.
