

# MK2 CHARGING HANDLE - BRAVO COMPANY BCM MK2 LARGE LATCH CHARGING HANDLE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

BCM® Mk 2 CHARGING HANDLES IMMEDIATE ACTION Driven by over a decade of feedback from real-world combat operations, BCM has made continual design refinements and structural improvements to the charging handle in the M4 and M16 to address the current manual of arms for the weapon system. Optimizing the contours into a snag-free profile that facilitates immediate manipulation with an end user's reaction side grip, the range of BCM Charging is available with both ambidextrous and asymmetric controls as well as a size range to accommodate different end-users handsizes. MK 2 RECEIVER OPTIMIZED The U.S. patents pending BCM Mod 3 Charging Handle now features upper and lower and side exhaust channels to vent gas from the chamber away from the shooter during operation of the weapon. While these channels are optimized for the BCM MK2 Upper receiver, they still provide improved gas diversion on all Mil-Spec upper receivers. LIFESAVING TOOLS Redesigned to eliminate the load on the pivot pin and keep the energy from charging close to the centerline of the carbine/rifle, BCM Mk 2 Charging Handles provides an uninterrupted engagement surface with no pinch points to catch skin or other material that could induce a malfunction during a time-is-life manipulation. A patented ambidextrous design with simplified mechanism for robust performance, each Charging Handle is crafted with MIL-SPEC grade forgings and machined from 7075 T6 aluminum, with a hard coat anodized finish per Mil-A-8625F, Type III, Class 2. MADE IN AMERICA All BCM components and accessories unite state of the art manufacturing with lightweight and durable materials to ensure components that last a lifetime, performing far beyond performance requirements established nearly six decades ago.

## Attributes

- Name: [BRAVO COMPANY BCM MK2 LARGE LATCH CHARGING HANDLE](#)
- Manufacturer: [BRAVO COMPANY](#)
- Product no.: 430106548
- Mfr. No.: BCM-GFH-MK2-LRG
- Delivery weight: 0.113kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 229mm
- UPC: 812526023780

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for BCM MK2 Charging Handle

## Introduction

Thank you for choosing the BCM MK2 Charging Handle. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the charging handle to understand its features and safety precautions.

## General Safety Guidelines

- Ensure that the BCM MK2 Charging Handle is installed correctly according to the provided instructions.
- Always treat every firearm as if it is loaded. Keep the charging handle and firearm pointed in a safe direction at all times.
- Use the charging handle only with compatible firearms as specified by the manufacturer.
- Regularly inspect the charging handle for any signs of wear, damage, or malfunction before use.
- Store the charging handle in a secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding the use and ownership of firearms and firearm accessories.

## Specific Safety Precautions for Use

- **Avoid Pinch Points:** When operating the charging handle, be mindful of your fingers and hands to prevent pinching or injury.
- **Proper Grip:** Use the charging handle with a proper grip to ensure safe and effective operation. The design allows for manipulation with either hand.
- **Gas Ventilation:** Be aware that the charging handle features gas exhaust channels. Ensure that the area around the firearm is clear of obstructions during operation to prevent exposure to gas.
- **Age Restrictions:** This product is intended for use by individuals who are of legal age to operate firearms. Ensure that minors are supervised and educated about firearm safety.
- **Training:** Seek professional training if you are unfamiliar with firearm operation and safety protocols.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing charging handle by following the manufacturer's instructions for disassembly.
- Align the BCM MK2 Charging Handle with the receiver and insert it into the charging handle slot.
- Ensure that the charging handle is seated properly and securely.

### 2. Usage:

- To operate the charging handle, grip it firmly with your reaction side hand.
- Pull the charging handle back to chamber a round or clear the firearm.
- Release the charging handle smoothly to allow it to return to its original position.
- Always maintain control of the firearm while manipulating the charging handle.

## Disposal Instructions

- Dispose of the BCM MK2 Charging Handle in accordance with local regulations regarding the disposal of firearm accessories.
- If the charging handle is damaged or no longer usable, consider recycling the aluminum material where facilities are available.

- Ensure that any disposed items do not pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the BCM MK2 Charging Handle, please refer to the manufacturer's contact information provided with your product. It is important to reach out to the manufacturer for guidance on safety inquiries or product support.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your BCM MK2 Charging Handle. Thank you for your attention to safety and responsible firearm use.
