AK Alpha Series Railed Top Cover Safety Instructions

Introduction

Thank you for choosing the AK Alpha Series Railed Top Cover by Midwest Industries. This product is designed to enhance the functionality of your AK47 while ensuring safety and reliability. Please read this safety instruction guide carefully before installation and use to ensure proper handling and to minimize any risks.

General Safety Guidelines

- Ensure that the product is used only with MI Alpha Series handguards. It is not compatible with other Midwest Industries generations or products from other manufacturers.
- Always handle firearms with care and follow all standard firearm safety practices.
- Keep this product out of reach of children and other vulnerable individuals.
- Regularly inspect the top cover and handguard for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Do not attempt to install the top cover if you are unfamiliar with firearm modifications. Seek assistance from a qualified professional if needed.
- Ensure that the firearm is unloaded before attempting to install or modify any components.
- Be cautious of sharp edges on the aluminum and steel components during installation.
- Always wear appropriate safety gear (e.g., safety glasses) when handling firearms.
- Avoid exposing the product to extreme temperatures, moisture, or corrosive materials, as this may affect its performance.

Instructions for Installation and Usage

1. Unloading the Firearm:

- Ensure that the firearm is completely unloaded. Check the chamber and magazine to confirm.

2. Removing the Existing Top Cover:

- Carefully remove the existing top cover from the AK47 by following the manufacturer's instructions.

3. Installing the AK Alpha Series Railed Top Cover:

- Align the AK Alpha Series Railed Top Cover with the handguard.
- Secure the adjustable locking block to fit the cover onto the firearm. Make sure it is firmly in place.
- Ensure that the recoil spring button is properly engaged with the top cover.

4. Checking for Proper Installation:

- After installation, check that the top cover is securely locked in place and that there are no gaps.
- Ensure that the factory rear sight is maintained and that you can achieve a lower 1/3 cowitness sight picture.

5. Final Inspection:

- Conduct a final inspection of the firearm to ensure that all components are secure and functioning.

- correctly.
- Test the firearm in a safe environment to ensure that it operates properly with the new top cover installed.

Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If you need to dispose of the product itself, consult local regulations regarding the disposal of firearm accessories.
- Ensure that any nonfunctional components are disposed of in a manner that prevents unauthorized use.

Contact Information for Further Support

For any inquiries regarding the AK Alpha Series Railed Top Cover, please consult your retailer or Midwest Industries directly. Ensure that you keep your purchase receipt and any relevant documentation for warranty purposes.

By following these safety instructions, you can ensure the safe and effective use of your AK Alpha Series Railed Top Cover. Thank you for your attention to safety, and enjoy your enhanced shooting experience!
