

ACTION ENHANCEMENT KIT FOR STANDARD/SLIM FRAME GLOCK® - APEX TACTICAL SPECIALTIES INC POLYMER ACTION ENHANCEMENT TRIGGER KIT SLIM FRAME BLUE

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Action Enhancement Kit for standard frame Slim Frame Glock® pistols features the Apex Polymer Action Enhancement Trigger, with Apex Trigger Bar, and Performance Connector. The kit is a direct drop-in replacement of the factory trigger, trigger bar and connector, this kit provides for a smoother trigger pull with reduced travel, reduced reset, and a crisp break at 4.5lbs (Average). The Trigger Bar and Trigger Connector are coated in Nickel-Teflon for a lifetime of smooth operation and corrosion resistance. 100% made in the USA. Expected Results: Direct drop-in replacement of factory polymer trigger and connector. Smooths uptake and reset. Reduces trigger pre-travel, overall travel and reset distance. Crisp trigger break at 4.5lbs. Center mounted pivoting safety maintains factory safety values. Applicable to What Guns: For use in the following Glock® pistols: G43, G43X, G48 NOT for use in the Glock® 42

ACTION ENHANCEMENT KIT FOR STANDARD/SLIM FRAME GLOCK®

Safety Instruction Guide

Introduction

Thank you for choosing the Action Enhancement Kit for standard frame Slim Frame Glock® pistols. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your product. Please read this document carefully before using the kit.

General Safety Guidelines

- Ensure the kit is used only with compatible Glock® models: G43, G43X, G48.
- This product is not suitable for use in Glock® 42.
- Always handle firearms with care and follow all safety protocols.
- Keep the kit and all related components out of reach of children and unauthorized users.
- Regularly inspect the kit for any signs of wear or damage before use.
- If you experience any issues with the kit, cease use immediately and consult a professional gunsmith.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing the Action Enhancement Kit.
- Wear appropriate safety gear, such as eye protection, during installation and testing.
- Avoid modifications to the kit or firearm that are not covered in this guide.
- Be aware of your surroundings and ensure a safe environment when testing your firearm after installation.
- Do not use the kit if you are unsure about your ability to install it correctly. Seek assistance from a qualified professional.
- Follow all local laws and regulations regarding firearm modifications and usage.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a small hammer.

2. Installation Steps:

- Remove the factory trigger, trigger bar, and connector from your Glock® pistol.
- Carefully install the Apex Polymer Action Enhancement Trigger into the trigger housing.
- Insert the Apex Trigger Bar into the trigger assembly, ensuring it is properly aligned.
- Install the Performance Connector in place of the factory connector.
- Ensure all components are securely installed and functioning correctly.

3. Testing:

- With the firearm still unloaded, perform a function check to ensure the trigger operates smoothly.
- Check for proper reset and trigger pull weight, ensuring it meets the expected 4.5lbs.
- If any issues arise during testing, consult a professional gunsmith for assistance.

4. Usage:

- Always follow safe firearm handling practices.

- Regularly clean and maintain your firearm and the Action Enhancement Kit to ensure optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the kit or any of its components become damaged beyond repair, follow your local disposal guidelines for hazardous materials.
- Do not dispose of the kit in regular household waste if it contains any components that could pose a safety risk.

Contact Information for Further Support

For any questions or concerns regarding the Action Enhancement Kit, please consult the manufacturer or a qualified professional for assistance. Ensure you have your product information available when seeking support.

Conclusion

By following the guidelines and instructions outlined in this document, you can ensure the safe and effective use of your Action Enhancement Kit for Slim Frame Glock® pistols. Always prioritize safety and seek professional assistance when needed. Thank you for your commitment to responsible firearm ownership.
