An Ambi Charging Handle Sized Right for Your AR .308 Rifle

A large-frame AR .308 rifle needs a larger charging handle than those small, flimsy mil-spec designs. This Aero Precision Breach Ambidextrous Charging Handle is sized right for your big-bore AR, and it's built right so that you can count on it in harsh environments and brutal scenarios. Each Aero Precision Breach Charging Handle can be had in two different sizes, so you can choose the one that best meets your needs. The smaller of the two levers provides a sleek design that blends in with the overall lines of your rifle without creating any snag points, but it still provides a comfortable, ergonomic surface for easy racking. The larger of the two levers gives you more surface area for instant, easy activation of the lever, whether through rapid one-handed racking or other motions. The Aero Precision Breach Charging Handle is machined from 7075 aluminum and is treated with a hardcoat-anodized finish. Like all of Aero's products, this handle is made right here in the USA.

Safety Instruction Guide for AR 308 Breach Large Lever Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR 308 Breach Large Lever Ambidextrous Charging Handle by Aero Precision. This product is designed to enhance the functionality of your AR .308 rifle. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information on product safety, usage, and maintenance in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the charging handle is compatible with your specific AR .308 model before installation.
- Always handle firearms with care and follow all safety protocols when using this product.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage.
- Do not use the charging handle if it appears to be damaged or malfunctioning.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the charging handle only for its intended purpose: to operate the bolt of your AR .308 rifle.
- Always keep the firearm pointed in a safe direction when using the charging handle.
- Ensure the firearm is unloaded before installing or adjusting the charging handle.
- Avoid using excessive force when operating the charging handle to prevent damage.
- Be aware of your surroundings and ensure that no one is in close proximity when racking the charging handle.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Confirm that the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Handle:** If replacing an existing charging handle, follow the manufacturer's instructions to safely remove it.
3. **Align the Charging Handle:** Position the Aero Precision Breach Charging Handle in the receiver.
4. **Secure the Handle:** Follow the manufacturer's guidelines to fasten the charging handle securely.
5. **Test Functionality:** After installation, test the charging handle to ensure it operates smoothly.

Usage

- To charge the rifle, grasp the large lever of the charging handle firmly.
- Pull the lever back smoothly and release it to allow the bolt to move forward.
- Practice using the charging handle in a controlled environment to become familiar with its operation.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- If the product is damaged beyond use, consider recycling the aluminum material where possible.
- Do not dispose of the product in regular household waste if it can be recycled.
