The Breek Arms WARHAMMER MOD2 ambi charging handle is a simple and affordable upgrade that will substantially increase the use of your AR-15. Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The wide set-back latches work great for large optics. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed!

Safety Instruction Guide for AR15 WARHAMMER MOD2 Ambidextrous Charging Handle

Introduction

Thank you for choosing the AR15 WARHAMMER MOD2 Ambidextrous Charging Handle by Breek Arms. This guide provides essential safety instructions to ensure the safe and effective use of your charging handle. Please read this manual carefully to understand the necessary precautions and proper usage to enhance your shooting experience.

General Safety Guidelines

- Ensure that you are familiar with the operation of your AR15 rifle before using the charging handle.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Use eye protection and hearing protection when operating your firearm.
- Keep the charging handle and all firearm components clean and wellmaintained.
- Store the charging handle and your firearm in a secure location, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to relevant authorities.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and over. Ensure that younger users are supervised by a responsible adult.
- **Handling:** Always handle the charging handle and your firearm with care. Avoid any actions that may cause accidental discharge.
- **Gas Blowback:** Be aware that the charging handle is designed to reduce gas blowback. However, some gas may still escape. Always position yourself to minimize exposure to gas.
- **Gloves:** If using gloves, ensure they do not impede your grip on the charging handle.
- **Optics:** When using large optics, ensure that the charging handle latches are properly engaged to avoid interference.

Instructions for Installation and Usage

1. Installation:

- Ensure that your AR15 is unloaded and the safety is engaged before installation.
- Remove the existing charging handle by pulling it out of the receiver.
- Align the new WARHAMMER MOD2 charging handle with the receiver and insert it carefully into the charging handle slot.
- Ensure that the handle is seated properly and that the latches are functioning correctly.

2. Usage:

- To charge your rifle, grasp the charging handle from either side using your dominant hand.
- Pull the handle back firmly and release it to chamber a round.
- If wearing gloves, ensure a firm grip on the textured grooves for effective operation.
- When finished, always check the chamber to ensure it is clear before handling or storing your firearm.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the aluminum material where facilities are available.
- Do not dispose of the charging handle in regular household waste.
