The Breek Arms WARHAMMER MICRO MOD2 ambi charging handle is a simple and affordable upgrade that will substantially increase the use of your AR-15. Easily grab on either side of the handle and you can quickly charge your rifle even with large gloves with the textured grooves that are cut into the latch handles. The smaller latches on the MICRO are for use when shooting with gear, slings, or barriers to avoid snagging. The total width of the latches measures 2.40", slightly wider than a standard charging handle width. The low profile design keeps it slim and sleek looking without sacrificing functionality. Made entirely out of 7075 aluminum for added strength and durability! The new MOD2 design features improvements for further reducing gas blowback in the shooter's face. The relief cuts on the top and bottom of the stem are designed to help direct extra gas out the side and away from your face. And for any gas that does manage to go straight back, we increased the height of the shelf to better cover the back of the upper. These modifications help improve the shooting experience, especially when shooting suppressed!

FEATURES: Material: 7075-T6 aluminum Fits all mil spec AR15/M16 Rifles

Finish: Type III hard-coat anodized Perfect replacement for any factory charging handle Latches are also 7075-T6 aluminum Reduced size ambidextrous release levers on both sides, 2.40" total width across the handles Set-Back Latches work great for large optics Allows for one handed manipulation Higher Rear Shelf and Relief Cuts to Divert Suppressor Gasses Weighs in just under 1 ounce! # **Safety Instruction Guide for the AR15 WARHAMMER MICRO MOD2 Ambidextrous Charging Handle**

## **Introduction**

Thank you for choosing the AR15 WARHAMMER MICRO MOD2 Ambidextrous Charging Handle by Breek Arms. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide thoroughly to understand how to use the product safely and effectively.

## **General Safety Guidelines**

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure the area is safe before charging your rifle.
- Use proper eye and ear protection when handling firearms.
- Ensure that the charging handle is installed correctly before use.
- Regularly inspect the charging handle for any signs of wear or damage.
- Store your firearm and accessories securely, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Use only with milspec AR15/M16 rifles.
- Always ensure that the rifle is pointed in a safe direction when charging.
- Do not attempt to charge the rifle with gloves that are too thick to operate the charging handle effectively.
- Be cautious of the gas blowback when operating the charging handle, especially when shooting suppressed.
- Ensure that the charging handle is free of obstructions before installation and use.
- If you experience any difficulty while using the charging handle, stop using it immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **Installation**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing charging handle from the upper receiver of your AR15.
3. Align the new WARHAMMER MICRO MOD2 charging handle with the receiver.
4. Insert the charging handle into the receiver until it is properly seated.
5. Test the charging handle by pulling it back to ensure it operates smoothly.

### **Usage**

- Grip the charging handle firmly on either side using the textured grooves.
- Pull the handle back to charge the rifle. Ensure the rifle is pointed in a safe direction during this process.
- Release the handle to allow it to return to its resting position.
- If using with gear or optics, utilize the smaller latches to avoid snagging.
- After use, inspect the charging handle for any signs of wear or damage.

## **Disposal Instructions**

- Dispose of the charging handle in accordance with local regulations.
- Do not dispose of the charging handle in regular household waste.
- If the product is damaged or no longer usable, consider recycling materials where possible.
