The 3FO-S Flash Hider is machined out of heat treated 4140 then nitrided offering exceptional strength and reliability. The primary function of the 3FO-S diminishes muzzle flash by dispersing and redirecting the escaping gases generated by the fired round, thus minimizing the signature flash produced at the muzzle maintaining your tactical advantage in critical situations as well as keeping your rifle footprint as small as possible. The 3FO-S has internal threads, a significant design advantage offering even more flash suppression over standard flash hiders. The reduced flash not only helps maintain a clear sight picture but also reduces the chances of the shooter being temporarily blinded in low-light conditions, ensuring optimal visibility and target acquisition. It features a sleek, short profile that integrates seamlessly with your system, maintaining a clean and streamlined appearance. # 3FOS Flash Hider Safety Instruction Guide

## Introduction

Thank you for purchasing the 3FOS Flash Hider by BREEK ARMS. This product is designed to enhance your shooting experience by reducing muzzle flash and improving visibility. To ensure your safety and the proper use of this product, please read the following safety instruction guide carefully.

## General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that you are familiar with the laws and regulations regarding the use of flash hiders in your area.
- Always wear appropriate eye and ear protection when using firearms.
- Keep the flash hider and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the flash hider for signs of wear or damage before each use.
- If you notice any defects or issues, discontinue use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Ensure that the flash hider is securely attached to the firearm before use.
- Avoid using the flash hider with ammunition that exceeds the specified caliber.
- Do not attempt to modify or alter the flash hider in any way.
- Be aware of your surroundings when using firearms equipped with a flash hider, especially in lowlight conditions.
- Always follow safe shooting practices and maintain proper firearm handling techniques.

## Instructions for Installation and Usage

### Installation

1. **Ensure Safety:** Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Select Appropriate Caliber:** Confirm that the flash hider is suitable for your firearm's caliber and thread specifications.
3. **Attach the Flash Hider:**
  - Align the internal threads of the flash hider with the external threads on the muzzle of your firearm.
  - Handtighten the flash hider onto the muzzle until it is snug.
  - Use a wrench to tighten further if necessary, but avoid overtightening which may cause damage.
4. **Insert Crush Washer:** Place the provided crush washer between the muzzle and the flash hider to ensure a tight fit.
5. **Final Check:** Perform a visual inspection to ensure the flash hider is securely attached.

### Usage

- When using the firearm equipped with the flash hider, maintain a firm grip and a stable shooting position.
- Monitor the performance of the flash hider during use. If you experience excessive flash or other issues, cease use and inspect the product.
- Clean the flash hider regularly to maintain its performance and appearance. Follow the manufacturer's guidelines for cleaning procedures.

## Disposal Instructions

- Dispose of the flash hider in accordance with local regulations.
- Do not discard in regular household waste.

- If the flash hider is damaged or no longer usable, consider recycling the materials where possible.
