

# MATCH SCOPE RINGS - MATCH 35MM DIAMETER LOW (.94") RINGS ALUMINUM BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

When Area 419 set out to make an ideal scope ring, the things Area 419 knew was needed to accomplish, and do to a degree you won't find anywhere else on the market, is to produce a reliable, and true capture of the optic. This led us down a rabbit-hole, ultimately arriving on a process that gets you serialized, final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in our world-class machining centers. Rings are then brought off the machine in sets, and placed into the laser to mark them as sets, with each set being uniquely identified as a match to its precision-bored counterparts. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. SPECS MATERIAL: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) COATING: Type 3 Hardcoat Anodize (internal bore is raw aluminum) TUBE DIAMETER: 30mm, 34mm, 35mm, 36mm MOUNT HEIGHT: Low (24mm), Medium (28mm), High (32mm)

## Attributes

- Name: [MATCH 35MM DIAMETER LOW \(.94"\) RINGS ALUMINUM BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107266
- Mfr. No.: 419-MATCHRING-3524
- Finish: Black
- Height: 0.94"
- Material: Aluminum
- Scope Tube Diameter: 35mm
- Size: Low
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 102mm
- Shipping length: 127mm
- UPC: 810080181793

# Safety Instruction Guide for MATCH SCOPE RINGS

## Introduction

Thank you for choosing the MATCH SCOPE RINGS by Area 419. This guide provides important safety instructions and general guidelines to ensure the safe and effective use of your scope rings. Please read this document carefully before installation and use.

## General Safety Guidelines

- Always ensure that the scope rings are compatible with your specific scope and mounting system.
- Inspect the scope rings before each use for any signs of damage or wear.
- Store the scope rings in a dry, cool place to prevent corrosion and damage.
- Follow all local laws and regulations regarding the use of firearm accessories.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when mounting the scope rings to avoid damage.
- Ensure that the scope is securely mounted within the rings to prevent it from shifting during use.
- Avoid using the scope rings in extreme temperatures or environmental conditions that may affect their performance.
- Keep the scope rings out of reach of children and unauthorized users.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.

### 2. Installation:

- Begin by attaching the base of the scope rings to the mounting rail according to the manufacturer's instructions.
- Use the provided screws and ensure they are tightened to the specified torque settings to secure the base.
- Position the scope in the rings and adjust to the desired eye relief.

### 3. Final Adjustment:

- Once the scope is positioned, gently tighten the caps of the rings, ensuring even pressure on all sides.
- Use a torque wrench to apply the recommended torque to the ring caps, ensuring a secure fit without overtightening.

### 4. Usage:

- After installation, check the alignment of the scope through the rings to ensure proper sighting.
- Regularly check the tightness of the rings during use, especially after heavy recoil or extended shooting sessions.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.

- If the scope rings are damaged beyond repair, please dispose of them responsibly. Do not throw them in regular trash; instead, follow local guidelines for metal recycling.

## **Contact Information for Further Support**

For any questions or concerns regarding the MATCH SCOPE RINGS, please refer to the manufacturer's contact information provided with the product. It is essential to have access to support for safety inquiries and product assistance.

By following these guidelines, you can ensure a safe and effective experience with your MATCH SCOPE RINGS. Thank you for your attention to safety and for choosing Area 419 products.
