

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 30MM 0MOA HIGH (1.54") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 30MM 0MOA HIGH \(1.54"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107286
- Mfr. No.: 419-TSM-3039
- Finish: Black
- Height: 1.54"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: High
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182349

# Safety Instruction Guide for AREA 419 Tactical OnePiece Scope Mount

## Introduction

Thank you for choosing the AREA 419 Tactical OnePiece Scope Mount. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mount. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure the scope mount is compatible with your firearm and optic before installation.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the scope mount for any visible damage or defects before use. Do not use if damaged.
- Keep the scope mount and all accessories out of reach of children and vulnerable individuals.
- Familiarize yourself with the installation process and ensure you have all necessary tools before beginning.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the scope mount is securely attached to the firearm to prevent any accidents during use.
- Do not exceed the manufacturer's recommended torque specifications when tightening the mount.
- Regularly check the mount for signs of wear or loosening to maintain safety and performance.
- Use only compatible accessories with the scope mount to avoid compromising safety.
- Avoid using the scope mount in extreme conditions that may affect its integrity or performance.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools, including a torque wrench, appropriate screwdrivers, and any additional accessories.
- Clean the mounting surface of your firearm to ensure proper attachment.

### 2. Installation

- Align the scope mount with the picatinny rail on your firearm.
- Insert the mounting screws through the clamping bars into the rail.
- Handtighten the screws to hold the mount in place.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings. Refer to the product specifications for the correct torque value.

### 3. Final Checks

- Ensure that the scope mount is securely fastened and that there is no movement.
- Attach the optic to the scope mount following the manufacturer's instructions for the optic.
- Check the alignment of the optic and make any necessary adjustments.

### 4. Usage

- Once installed, ensure that the scope mount remains secure during use. Regularly inspect it before and after shooting sessions.

- If you notice any issues, such as loosening or damage, remove the mount and inspect it thoroughly.

## **Disposal Instructions**

- Dispose of the scope mount and any packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling programs in your area that accept aluminum products.

## **Contact Information for Further Support**

For any questions or concerns regarding the AREA 419 Tactical OnePiece Scope Mount, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the AREA 419 Tactical OnePiece Scope Mount.
