

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 30MM 20MOA HIGH (1.54") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 30MM 20MOA HIGH \(1.54"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107287
- Mfr. No.: 419-TSM-303920
- Finish: Black
- Height: 1.54"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: High
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182417

# TACTICAL ONEPIECE SCOPE MOUNT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. This product is designed to provide a reliable and robust mounting solution for your optic. To ensure safe and effective use of this product, please read and follow the safety instructions and guidelines provided in this manual.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your scope and firearm before installation.
- Do not exceed the manufacturer's specifications for mounting torque.
- Regularly inspect the scope mount for signs of wear, damage, or loosening.
- If you notice any irregularities or issues, discontinue use and seek professional assistance.
- Keep the scope mount and all related accessories out of reach of children and vulnerable individuals.
- Always handle firearms safely and responsibly, adhering to all local laws and regulations.

## Specific Safety Precautions for Use

- **Compatibility Check:** Before installation, verify that your scope's tube diameter is 30mm and that the mount is suitable for your firearm's Picatinny rail.
- **Torque Specifications:** Use a torque wrench to tighten the mounting screws to the specified torque settings to avoid overtightening, which can damage the mount or your optic.
- **Inspection:** After installation, check that the mount is securely attached and that there is no movement between the mount and the firearm.
- **Environmental Considerations:** Avoid exposing the mount to extreme temperatures or harsh weather conditions, as this may affect its performance.
- **Use of Accessories:** If using optional accessories, such as the Tactical Diving Board, ensure they are properly attached and secured.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your workspace is clean and free of debris.

### 2. Mounting the Scope:

- Align the scope mount with the Picatinny rail on your firearm.
- Insert the mounting screws through the base of the scope mount into the rail.
- Handtighten the screws to hold the mount in place.

### 3. Securing the Mount:

- Using the torque wrench, tighten the screws to the manufacturer's specified torque settings. Refer to the product specifications for exact values.
- Ensure that the mount is level and properly aligned with your optic.

### 4. Final Inspection:

- Once the mount is secured, check for any movement by attempting to wiggle the scope slightly.

- Inspect all screws to ensure they are properly tightened.

#### **5. Using the Scope:**

- After installation, ensure that the scope is properly zeroed according to the manufacturer's instructions.
- Regularly check the mount for stability and alignment during use.

## **Disposal Instructions**

When disposing of the TACTICAL ONEPIECE SCOPE MOUNT, please follow local regulations for waste disposal. If the product is damaged or no longer usable, consider recycling the aluminum components where facilities are available.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT, please contact the manufacturer or your local distributor. They can provide assistance and additional information as needed.

Thank you for your attention to these safety instructions. Your safety and the proper functioning of your equipment are our top priorities.
