

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 34MM 0MOA MEDIUM (1.26") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 34MM 0MOA MEDIUM \(1.26"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107288
- Mfr. No.: 419-TSM-3432
- Finish: Black
- Height: 1.26"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: Medium
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182103

# Safety Instruction Guide for AREA 419 Tactical OnePiece Scope Mount

## Introduction

Thank you for choosing the AREA 419 Tactical OnePiece Scope Mount. This guide provides essential safety instructions to ensure the safe and effective use of your scope mount. Please read this guide thoroughly before installation and usage to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm and optic.
- Always follow the manufacturer's instructions for both the scope mount and the firearm.
- Regularly inspect the scope mount for any signs of wear or damage.
- Use the scope mount only for its intended purpose; do not modify it in any way.
- Keep the scope mount and all related equipment out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Compatibility Check:** Ensure that your scope mount is suitable for a 34mm scope tube and compatible with your picatinny rail.
- **Weight Limit:** Do not exceed the recommended weight limit for your scope and accessories to prevent failure.
- **Proper Torque:** Use a calibrated torque wrench to tighten the mounting screws to the specified torque settings to avoid overtightening or undertightening.
- **Inspection:** Regularly check the integrity of the mounting system, including the base, caps, and clamping mechanisms.
- **Avoid Impact:** Do not drop or strike the scope mount as it may compromise its structural integrity.

## Instructions for Installation and Usage

1. **Unpack the Mount:** Carefully remove the scope mount from its packaging and inspect for any damage.
2. **Check Components:** Ensure all components, including the base, caps, screws, and spacers, are present and in good condition.
3. **Mounting the Base:**
  - Position the base on the picatinny rail.
  - Align the base with the desired mounting position.
  - Secure the base using the provided screws, ensuring they are fingertight before applying torque.
4. **Mounting the Scope:**
  - Place the scope into the rings of the mount.
  - Adjust the scope position for optimal eye relief and alignment.
5. **Securing the Caps:**
  - Place the caps over the scope and align them with the base.
  - Use the provided screws to secure the caps, tightening them to the specified torque settings.
6. **Final Inspection:**
  - Doublecheck all screws and components for tightness and alignment.
  - Ensure the scope is securely mounted and does not shift when pressure is applied.

## **Disposal Instructions**

- Dispose of the scope mount and all packaging materials in accordance with local regulations.
- Do not dispose of the mount in regular household waste if it is damaged or contains hazardous materials.
- Recycle materials where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the use and safety of the AREA 419 Tactical OnePiece Scope Mount, please refer to the manufacturer's website or contact their customer support for assistance.

Please remember that safety is paramount. Following these guidelines will help ensure a safe and enjoyable experience with your AREA 419 Tactical OnePiece Scope Mount. Thank you for your attention to these important safety instructions.
