

TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 34MM 20MOA MEDIUM (1.26") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

Attributes

- Name: [AREA 419 TACTICAL 34MM 20MOA MEDIUM \(1.26"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107289
- Mfr. No.: 419-TSM-343220
- Finish: Black
- Height: 1.26"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: Medium
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182431

TACTICAL ONEPIECE SCOPE MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AREA 419 Tactical OnePiece Scope Mount. This product is designed to provide a reliable and robust mounting solution for your optic, ensuring maximum performance and safety. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the scope mount is compatible with your specific optic and firearm before installation.
- Always handle firearms and accessories with care and follow all safety protocols associated with firearm usage.
- Inspect the scope mount for any signs of damage or wear before each use. Do not use if damaged.
- Keep the scope mount out of reach of children and individuals who are not trained in firearm safety.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about potential safety issues.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications during installation, as this may compromise the integrity of the mount.
- Avoid using excessive force when attaching or detaching the scope from the mount to prevent damage.
- Ensure that all mounting points are secure before using the firearm to prevent accidents.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times while handling.
- If using the optional Tactical Diving Board, ensure it is installed correctly to avoid any instability during use.

Instructions for Installation and Usage

Installation Steps

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a torque wrench.
2. **Prepare the Mount:** Remove the scope mount from its packaging and inspect it for any defects.
3. **Attach the Base:** Align the base of the scope mount with the Picatinny rail on your firearm. Secure the base using the provided steel guide pins.
4. **Install the Caps:** Place the caps over the base and ensure they are aligned properly. Use the custom nitrided stainless hardware to secure the caps, ensuring they are torqued to the specified settings.
5. **Final Check:** After installation, doublecheck all screws and mounts to ensure they are tight and secure.

Usage Guidelines

- Once installed, check the alignment of your optic and make any necessary adjustments.
- Regularly inspect the mount during use to ensure it remains secure and functional.
- If you notice any movement or looseness in the mount during use, stop immediately and recheck the installation.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic and metal waste.

- Do not dispose of the product in regular household waste. Check for recycling programs in your area that accept aluminum and metal products.

Contact Information for Further Support

For any inquiries regarding the safety and performance of the AREA 419 Tactical OnePiece Scope Mount, please refer to the manufacturer's contact information provided with the product packaging or on their official website.
