

TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 34MM 20MOA HIGH (1.54") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

Attributes

- Name: [AREA 419 TACTICAL 34MM 20MOA HIGH \(1.54"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107291
- Mfr. No.: 419-TSM-343920
- Finish: Black
- Height: 1.54"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: High
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182400

TACTICAL ONEPIECE SCOPE MOUNT USER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mount. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the scope mount is used only for its intended purpose.
- Always inspect the scope mount for any visible damage or defects before each use.
- Keep the scope mount out of reach of children and vulnerable individuals.
- Use the scope mount in accordance with all applicable laws and regulations.
- Report any unsafe conditions or incidents involving the scope mount to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended weight limit for the scope and accessories mounted on the scope mount.
- Ensure that all mounting screws and hardware are securely tightened before use.
- Avoid using the scope mount in extreme weather conditions without proper precautions.
- Be aware of your surroundings when using the scope mount, especially in outdoor environments.
- If you experience any issues with the scope mount during use, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench and appropriate screwdrivers.
- Ensure that the installation area is clean and free of debris.

2. Installation Steps

- **Step 1:** Place the scope mount onto the picatinny rail of your firearm, ensuring proper alignment.
- **Step 2:** Use the provided steel guide pins to aid in aligning the base and caps.
- **Step 3:** Secure the mount by tightening the clamping screws evenly. Use a torque wrench to apply the recommended torque settings.
- **Step 4:** Attach your optic to the scope mount, ensuring that it is seated properly.
- **Step 5:** Finalbore the rings as sets, ensuring that they are aligned and secure.

3. Usage Tips

- Regularly check the torque settings of the mounting screws, especially after heavy use or transportation.
- Clean the scope mount and optic regularly to maintain optimal performance.
- Store the scope mount in a dry, cool place when not in use to prevent corrosion and damage.

Disposal Instructions

- Dispose of the scope mount and any associated packaging materials in accordance with local regulations.
- Do not dispose of the scope mount in household waste. Instead, consider recycling options where applicable.

Contact Information for Further Support

- For any safety inquiries or product support, please contact the manufacturer directly.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. Thank you for your attention to safety!
