

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 35MM 20MOA MEDIUM (1.26") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board.

**FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 35MM 20MOA MEDIUM \(1.26"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107293
- Mfr. No.: 419-TSM-353220
- Finish: Black
- Height: 1.26"
- Material: Aluminum
- Scope Tube Diameter: 35mm
- Size: Medium
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182448

# Consumer Safety Instruction Guide for AREA 419 Tactical OnePiece Scope Mount

## Introduction

Thank you for choosing the AREA 419 Tactical OnePiece Scope Mount. This guide provides essential safety instructions to ensure the safe and effective use of your scope mount. By following these guidelines, you can maximize your product's performance while minimizing risks.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the scope mount is compatible with your optic and firearm.
- Regularly inspect the scope mount for signs of wear or damage.
- Use the scope mount only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the scope mount is securely attached to the firearm before use.
- Avoid overtightening the mounting screws, as this may cause damage to the mount or optic.
- Do not modify the scope mount in any way, as alterations may compromise safety and performance.
- Always wear appropriate eye protection when handling firearms and optics.
- Be aware of your surroundings and ensure a safe environment when using firearms.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components.
- Ensure that your workspace is clean and free from distractions.

### 2. Installation

- Place the base of the scope mount onto the picatinny rail of your firearm.
- Align the mounting holes of the scope mount with the rail slots.
- Insert the provided screws through the holes and tighten them using a torque wrench to the manufacturer's specifications.
- Ensure that the scope mount is securely fastened and does not move.

### 3. Attaching the Scope

- Position your optic within the rings of the scope mount.
- Adjust the height and position of the optic to your preference.
- Tighten the clamping screws on the scope rings evenly to secure the optic in place.
- Verify that the optic is level and properly aligned with the firearm.

### 4. Final Checks

- Inspect the installation to ensure that all components are securely fastened.
- Perform a function check to ensure that the scope mount and optic operate correctly.

- Store your firearm and optic in a safe location when not in use.

## **Disposal Instructions**

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling components where applicable.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of your AREA 419 Tactical OnePiece Scope Mount, please refer to the manufacturer's website or contact their customer support for assistance.

By adhering to these guidelines, you can ensure the safe and effective use of your AREA 419 Tactical OnePiece Scope Mount. Thank you for your attention to safety and enjoy your product!
