

# TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 35MM 0MOA HIGH (1.54") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

**AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT** When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

## Attributes

- Name: [AREA 419 TACTICAL 35MM 0MOA HIGH \(1.54"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107294
- Mfr. No.: 419-TSM-3539
- Finish: Black
- Height: 1.54"
- Material: Aluminum
- Scope Tube Diameter: 35mm
- Size: High
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182363

# Consumer Safety Instruction Guide for AREA 419 Tactical OnePiece Scope Mount

## Introduction

Thank you for choosing the AREA 419 Tactical OnePiece Scope Mount. This guide provides essential safety information and instructions to ensure the safe and effective use of your scope mount. Please read this guide carefully before installation and usage.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your firearm and optic before installation.
- Always check for any visible damage or defects before using the scope mount.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Store the scope mount in a safe place, out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when installing the scope mount.
- Avoid using the scope mount in extreme conditions that may compromise its integrity.
- Ensure that the scope mount is securely attached before each use.
- Regularly inspect the scope mount for wear and tear, especially after heavy use.
- Use caution when handling sharp tools and components during installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your workspace is clean and welllit.

### 2. Installation Steps:

- Remove the scope mount from the packaging and inspect for any damage.
- Align the scope mount with the picatinny rail on your firearm.
- Place the mounting base on the rail, ensuring that the clamping bars are positioned correctly.
- Insert the provided screws into the mounting base and handtighten them.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings.
- Ensure that the caps are securely fastened and that the mount is stable.

### 3. Usage:

- Once installed, check the alignment of your optic through the scope mount.
- Make any necessary adjustments to ensure proper sight alignment.
- Regularly check the mount's stability and retighten screws as needed.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the scope mount is damaged beyond repair, consider recycling the aluminum components where facilities are available.
- Do not dispose of the product in household waste; follow local guidelines for hazardous materials if

applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please consult the AREA 419 website or contact your local distributor. It is important to have a reliable point of contact for any safety concerns or product issues.

By following these guidelines, you can ensure the safe and effective use of your AREA 419 Tactical OnePiece Scope Mount. Thank you for your attention to safety, and enjoy your shooting experience!
