

TACTICAL ONE-PIECE SCOPE MOUNT - AREA 419 TACTICAL 36MM 0MOA HIGH (1.54") 1-PIECE SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

AREA 419 TACTICAL ONE-PIECE SCOPE MOUNT When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made - as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But they think it's the right way. So that's what they are going to do. **NOTE:** These scope mounts DO NOT include a diving board. **FEATURES** CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware Patent-Pending ultra-rigid and repeatable top accessory attachment - attach optional Tactical Diving Board.

Attributes

- Name: [AREA 419 TACTICAL 36MM 0MOA HIGH \(1.54"\) 1-PIECE SCOPE MOUNT BLACK](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430107298
- Mfr. No.: 419-TSM-3639
- Finish: Black
- Height: 1.54"
- Material: Aluminum
- Scope Tube Diameter: 36mm
- Size: High
- Style: Picatinny Rail
- Delivery weight: 0.522kg
- Shipping height: 71mm
- Shipping width: 147mm
- Shipping length: 241mm
- UPC: 810080182370

TACTICAL ONEPIECE SCOPE MOUNT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mount. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the scope mount is used only for its intended purpose.
- Regularly inspect the scope mount for signs of wear or damage.
- Do not exceed the weight limit recommended by the manufacturer for mounted optics.
- Always follow the installation instructions to avoid accidents or damage.
- Keep the scope mount out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Handling:** Always handle the scope mount with care. Avoid dropping or mishandling the product as this may cause damage.
- **Installation:** Ensure that the mount is securely attached to the firearm before use. Loose mounts can lead to misalignment and potential injury.
- **Optic Compatibility:** Verify that your optic is compatible with the 36mm diameter of the scope mount to ensure proper fit and function.
- **Environmental Conditions:** Avoid using the scope mount in extreme weather conditions that may affect its performance or integrity.
- **Maintenance:** Regularly clean and maintain the scope mount to prevent corrosion and ensure longevity. Use appropriate cleaning materials and methods.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a torque wrench and appropriate spacers.
- Ensure that the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Position the scope mount onto the picatinny rail of the firearm.
- Align the clamping bars with the rail and ensure that the mount is level.
- Use the provided steel guide pins to aid in alignment between the base and caps.
- Securely tighten the caps to the recommended torque specifications using the torque wrench.
- Make sure the caps are torqued evenly to avoid distortion of the mount.

3. Final Checks:

- After installation, doublecheck that all components are secure and properly aligned.
- Test the mount by gently applying pressure to ensure stability.

4. Usage:

- Once installed, attach your optic and ensure it is securely fastened.
- Regularly check the mount and optic for stability during use.

Disposal Instructions

- Dispose of the scope mount in accordance with local regulations.
- If the mount is damaged beyond repair, consider recycling the aluminum components where facilities are available.
- Do not dispose of the mount in household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe conditions, please contact the manufacturer directly. Ensure you have your product information available for a prompt response.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AREA 419 TACTICAL ONEPIECE SCOPE MOUNT. Thank you for your attention to these important guidelines.
