

XL FULL LENGTH SIZING DIES - FORSTER 408 CHEYTAC FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die. XL Full Length Sizing Dies are 1-1/4"

Safety Instruction Guide for XL Full Length Sizing Dies Forster 408 CheyTac

Introduction

Thank you for choosing the XL Full Length Sizing Dies Forster 408 CheyTac. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the dies to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always handle reloading dies with care to avoid injury.
- Ensure that the workspace is clean and organized to minimize the risk of accidents.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep the dies and other reloading components out of reach of children and unauthorized users.
- Regularly inspect the dies for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before starting the reloading process.
- Use only the specified cartridge (408 CheyTac) with the XL Full Length Sizing Dies to avoid malfunctions.
- Do not exceed the recommended load specifications for the cartridge being used.
- Avoid distractions while reloading to maintain focus on the task at hand.
- Be aware of the potential for hot surfaces during and after use. Allow dies to cool before handling.
- If the die becomes stuck, do not force it; instead, follow the manufacturer's guidance for safe removal.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is properly set up according to the manufacturer's instructions.
- Attach the XL Full Length Sizing Die to the press using the Forster Cross Bolt Die Locking Ring. Tighten securely without overtightening.
- Insert the EZ Out Expander button into the die, ensuring it is positioned correctly.

2. Usage:

- Inspect the brass cases for cleanliness and damage before resizing.
- Lubricate the cases as specified in your reloading manual to prevent sticking in the die.
- Place a case into the shell holder and raise the ram to engage the die, resizing the case to the correct dimensions.
- After resizing, lower the ram and remove the case from the shell holder.
- Repeat the process for all cases, ensuring consistent results.
- After use, clean the dies to remove any residue and store them in a safe place.

Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations.
- Do not dispose of reloading dies in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or concerns regarding the XL Full Length Sizing Dies Forster 408 CheyTac, please refer to the manufacturer's contact information provided with the product packaging or user manual.

By following these guidelines, you can ensure a safer reloading experience while using the XL Full Length Sizing Dies Forster 408 CheyTac. Stay informed about safety updates and product recalls through the EU Safety Gate platform. Thank you for prioritizing safety in your reloading activities.
