

# XL FULL LENGTH SIZING DIES - FORSTER 50 BMG FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die. XL Full Length Sizing Dies are 1-1/4"

## Attributes

- Name: [FORSTER 50 BMG FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER](#)
- Product no.: 430107304

# XL Full Length Sizing Dies Safety Instructions

## Introduction

Thank you for choosing the XL Full Length Sizing Dies by Forster. These dies are designed to help you produce highquality, concentric rounds for your reloading needs. It is important to follow the safety instructions and guidelines outlined in this document to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep the dies and all reloading equipment out of reach of children and vulnerable individuals.
- Inspect the dies for any damage or defects before use. Do not use if damaged.
- Ensure your workspace is clean, organized, and wellventilated.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while reloading.
- Be aware of your surroundings and ensure that no unauthorized persons are present during the reloading process.
- Familiarize yourself with the potential hazards associated with reloading ammunition.

## Specific Safety Precautions for Use

- Use only the appropriate caliber of cases with the XL Full Length Sizing Dies (50 BMG).
- Ensure that the die is securely mounted in a compatible reloading press before use.
- Do not exceed the recommended operating pressures and specifications for your reloading equipment.
- When expanding necks, ensure that the EZ Out Expander button is properly positioned to maintain case neck alignment.
- Avoid using excessive force when operating the dies to prevent injury or damage.
- Always follow the manufacturer's recommendations for reloading procedures and materials.
- If you experience any unusual noise or resistance while operating the dies, stop immediately and inspect for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the XL Full Length Sizing Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during operation.
- Check that the EZ Out Expander button is correctly positioned for optimal performance.

### 2. Usage:

- Prepare your cases by cleaning them thoroughly before sizing.
- Insert the case into the die and ensure it is seated correctly.
- Operate the reloading press according to the manufacturer's instructions, applying steady and controlled pressure.
- After sizing, carefully remove the case from the die.
- Inspect the sized cases for proper dimensions and quality before proceeding to the next step in the reloading process.

## **Disposal Instructions**

- Dispose of any damaged dies or reloading materials in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with your local authorities for proper disposal methods.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the XL Full Length Sizing Dies or safety instructions, please refer to the manufacturer's website or customer support resources. Always ensure that you have the latest information regarding product safety and recalls.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the XL Full Length Sizing Dies. Thank you for your attention to safety, and happy reloading!
