

# ULTRA MICROMETER SEATER AND FULL LENGTH SIZING DIES SET - FORSTER 375 ENABELR FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Forster Full Length Die sets include their Ultra Micrometer Seater die and a Full Length Sizing Die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple. These dies use 1-1/4" threads which is larger than the standard reloading die and are intended to be used with Presses similarly threaded like the Forster Co-Ax XL Press.

# Safety Instruction Guide for Forster Ultra Micrometer Seater and Full Length Sizing Dies Set

## Introduction

Thank you for choosing the Forster Ultra Micrometer Seater and Full Length Sizing Dies Set. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide thoroughly before using the dies set.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the dies set by following all instructions. This product is designed for nonfood use and should not be used for any other purposes.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall occurs, follow the provided instructions for returning or exchanging the product.
- **Online Shopping Safety:** When purchasing online, ensure that the seller meets safety requirements and provides clear product information.
- **Consumer Focus:** Special care should be taken when using this product around children. Keep all components out of reach of children to prevent accidents.
- **EU Contact Point:** For safety inquiries, please refer to relevant EU authorities for guidance.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on any unsafe products.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instructions before using the dies set.
- **Inspect Before Use:** Check all components for damage or wear before use. Do not use if any part is damaged.
- **Use Appropriate Equipment:** Ensure that you are using a compatible press with 11/4" threads, such as the Forster CoAx XL Press.
- **Wear Protective Gear:** Use safety glasses and gloves to protect yourself from potential hazards during the reloading process.
- **Work in a Safe Environment:** Ensure your workspace is clean, welllit, and free from distractions.
- **Keep Out of Reach:** Store the dies set in a safe location away from children and pets.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the press is securely mounted.
- Thread the Full Length Sizing Die into the press using the 11/4" threads.
- Install the Ultra Micrometer Seater die in the same manner.

### 2. Usage:

- **Sizing Cases:**
  - Insert the case into the Full Length Sizing Die.
  - Follow the manufacturer's instructions for adjusting the die to the desired sizing depth.
- **Seating Bullets:**
  - Place a bullet on top of the case.
  - Adjust the micrometer on the Ultra Seater to set the desired seating depth.
  - Slowly operate the press to seat the bullet into the case.
- **Fine Tuning:**
  - Use the micrometer adjustment to make precise changes to the bullet seating depth as needed.

- Always return to your previously recorded setting for consistency.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes unusable, dispose of it in a responsible manner, ensuring that any hazardous materials are handled according to local waste disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the Forster Ultra Micrometer Seater and Full Length Sizing Dies Set, please refer to your local authorities or the manufacturer's website for additional support and information.

Thank you for choosing this highquality product. Your safety and satisfaction are our top priorities.
