

# **BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 8.6MM BLACKOUT BENCH REST SEATER DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## **Attributes**

- Name: [FORSTER PRODUCTS, INC. 8.6MM BLACKOUT BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# Safety Instruction Guide for BENCH REST® SEATER DIES

## Introduction

Thank you for choosing the BENCH REST® SEATER DIES manufactured by Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of your reloading die. Please read this manual carefully before using the product.

## General Safety Guidelines

- Always handle the reloading die with care to avoid injury.
- Ensure that the reloading area is welllit and free from distractions.
- Keep the reloading die out of reach of children and unauthorized persons.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Ensure that the die is securely mounted in your reloading press before use.
- Avoid using excessive force when seating bullets to prevent damage to the die or injury.
- Always check that the case is properly aligned in the die before beginning the seating process.
- Do not attempt to modify or alter the die in any way.
- Be cautious of the materials used in your reloading process, including powders and primers, as they can be hazardous.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the BENCH REST® SEATER DIE and inspect for any damage.
- Mount the die into your reloading press according to the manufacturer's instructions.
- Tighten the locking ring securely to prevent movement during use.

### 2. Usage:

- Prepare your cases and ensure they are clean and free from obstructions.
- Insert the case into the die, ensuring it is seated properly.
- Place the bullet on top of the case neck.
- Slowly and evenly operate the press handle to seat the bullet into the case.
- After seating, carefully remove the completed cartridge from the die.

## Disposal Instructions

- Dispose of any unused or expired materials in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on the disposal of hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please refer to the contact information provided with your product packaging or visit the manufacturer's website for more details.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure a safe and effective reloading experience with the BENCH REST® SEATER DIES. Always stay informed and cautious while handling reloading equipment. Thank you for choosing Forster Products, Inc.
