# Ejector Rod for Ruger® Wrangler® & Ruger® New Model SingleSix®

## Consumer Safety Instructions

### Introduction

Thank you for choosing the Enhanced Ejector Rod for your Ruger® Wrangler® or New Model SingleSix® revolver. This product is designed to improve the functionality of your firearm, making the reloading process faster and easier. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

### General Safety Guidelines

- Ensure that the ejector rod is compatible with your Ruger® model. This product is specifically designed for the Wrangler® and New Model SingleSix® with a barrel length of 4.62 inches or greater.
- Always treat your firearm as if it is loaded. Exercise caution at all times.
- Keep the ejector rod and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the ejector rod and your firearm for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Do not attempt to use the ejector rod with a Ruger® Wrangler® that has a barrel length shorter than 4.62 inches.
- Ensure that the firearm is unloaded before installing or removing the ejector rod.
- Handle the ejector rod with care to avoid injury. The stainless steel material is durable but can be sharp.
- Avoid using the ejector rod in wet or muddy conditions to prevent slippage and loss of control.
- Follow all local laws and regulations regarding firearm modifications and usage.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure your Ruger® Wrangler® or New Model SingleSix® is unloaded.
- Gather necessary tools for installation, if required (refer to the installation instructions included with the product).

#### 2. Installation:

- Remove the existing ejector rod from your revolver following the manufacturer's guidelines.
- Align the new Enhanced Ejector Rod with the ejector housing.
- Securely attach the ejector rod, ensuring it is properly seated and functioning.

#### 3. Usage:

- To eject spent cartridges, press the larger button on the ejector rod.
- Practice the ejection process in a safe and controlled environment to become familiar with the operation.
- Regularly clean and maintain the ejector rod to ensure optimal performance.

### Disposal Instructions

- Dispose of any old or damaged ejector rods and components in accordance with local regulations.
- Do not throw away the ejector rod in regular household waste. Instead, consider recycling options if available.

available.

## **Contact Information for Further Support**

For any questions or concerns regarding the Enhanced Ejector Rod, please consult the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safer and more effective experience with your Enhanced Ejector Rod for Ruger® Wrangler® and New Model SingleSix®. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
