## URG-I AIRBORNE 5.56 CHARGING HANDLE DDC

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

URG-I Airborne Charging Handle 5.56 The Airborne Charging Handle (ACH), was originally developed at the request of an elite organization famous for its expertise in aerial insertion. Now adopted by USASOC and field tested in the most arduous environments, The USASOC ACH now features a roll marked "Geissele Automatics" and the ACH's NSN number diminishing the amount of laser engraving and reducing its visual signature. Unchanged are the lower profile lever design that reduces chances of snagging on gear. The handling surfaces of the levers are checkered for confident operation while wearing gloves or during engagements in less than optimal weather conditions. The Geissele USASOC ACH features a gas mitigating fence at the rear that aids in redirecting gas blow back when shooting short barreled and suppressed weapon systems. The ambidextrous USASOC ACH is 3D machined from a solid block of aircraft grade 7075-T6 aluminum and finished in durable Type-3 Hardcoat anodized. The USASOC ACH weighs in at 1.42oz. URG-I Airborne Charging Handle 5.56 Specification The USASOC Airborne Charging Handle (NSN# 1005-01-672-4803) has been adopted and is currently fielded by USASOC. This version uses rollmarks instead of laser engraving to diminish its visual signature. The USASOC ACH is available in DDC and Black.

### Attributes

- Name: [GEISSELE AUTOMATICS URG-I AIRBORNE 5.56 CHARGING HANDLE DDC](#)
- Manufacturer: [GEISSELE AUTOMATICS](#)
- Product no.: 430107549

# URGI Airborne 5.56 Charging Handle Safety Instruction Guide

## Introduction

Thank you for choosing the URGi Airborne 5.56 Charging Handle by Geissele Automatics. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your product. Please read this guide thoroughly before using the charging handle.

## General Safety Guidelines

- Ensure that the charging handle is compatible with your firearm model before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the charging handle for signs of wear or damage. Do not use if damaged.
- If you experience any issues during use, cease operation immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using firearms equipped with the URGi Airborne Charging Handle.
- Ensure the firearm is unloaded before installing or adjusting the charging handle.
- Be cautious of gas blowback when using shortbarreled or suppressed weapon systems. The handle is designed to mitigate gas, but some blowback may still occur.
- Avoid using the charging handle in extreme weather conditions that could affect operation.
- Do not modify or alter the charging handle in any way, as this may compromise safety and performance.

## Instructions for Installation and Usage

### Installation Instructions

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove Old Charging Handle:** If applicable, remove the existing charging handle by following the manufacturer's instructions.
3. **Install New Charging Handle:**
  - Align the URGi Airborne Charging Handle with the receiver.
  - Insert the charging handle into the appropriate slot until it is securely in place.
4. **Check Functionality:** After installation, cycle the charging handle to ensure it operates smoothly and without obstruction.

### Usage Instructions

- To charge the firearm, grasp the charging handle firmly and pull it to the rear.
- Release the handle to allow it to return to its forward position.
- Always ensure that the firearm is in a safe condition before attempting to charge or fire.

## Disposal Instructions

- When the charging handle reaches the end of its service life, dispose of it in accordance with local regulations.
- Do not dispose of the charging handle in regular household waste. Check with local authorities for proper disposal methods for metal components.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the URGI Airborne 5.56 Charging Handle, please consult your local regulations or reach out to the appropriate authorities.

## **Conclusion**

Following these safety instructions will help ensure the safe and effective use of your URGI Airborne 5.56 Charging Handle. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important guidelines.
