

# **SUPER PRECISION ZERO COMPROMISE SCOPE MOUNT - GEISSELE AUTOMATICS 36MM 1.54" HIGH 20 MOA ZERO COMPROMISE SCOPE MOUNT BLACK**

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Super Precision® - Zero Compromise Scope Mount, 36mm The Super Precision® Zero Compromise Scope Mount is purpose built to be the premier mount for the Zero Compromise ZC420 Optics series. These ultra-rugged mounts were designed for extreme long distance precision shooters that demand the absolute best mount available on the market for their top end ZCS riflescope. Utilizing cutting edge technology and innovative manufacturing techniques the Super Precision® Zero Compromise Scope Mount truly lives up to its name. A 20 MOA (5.7 MIL) cant is built in to extend usable elevation ranges beyond the natural capabilities of an already outstanding optic. The Super Precision® Zero Compromise Scope Mount features an extended cantilever design of 2.5" moving the optic forward to ensure the perfect eye relief without the need of a bridge. A compact footprint with carefully thought out precision machined shear lugs ensures the mount stays exactly where you put it during recoil and abuse. Using Geissele's update of the classic nut and bolt method securely locks the mount to your receiver with 1,400 pounds of clamping force. This system provides up to 3 times more clamping force than any lever system. This method also allows quick installation and removal using only simple commonly available tools without the need for a torque spec. This extremely effective mounting method nets unmatched return to zero under any condition while offering exceptional ease of use. Like all Geissele Optic Mounts, the Super Precision® Zero Compromise Scope Mount is precision machined from a solid block of billet 7075-T6 High Strength Aluminum. The rings are line bored for the best possible fit to 36mm scope bodies doing away with any need for lapping. The caps are individually serialized to ensure perfect alignment while using a reinforced 6 screw design for the ultimate retention of your optic so you can be confident there is zero movement while you're putting in work at the firing line. Available in type 3 hard coat anodize, the Geissele Super Precision® Zero Compromise Scope Mount was designed and built from the ground up for hard use and unparalleled performance.

## **Attributes**

- Name: [GEISSELE AUTOMATICS 36MM 1.54" HIGH 20 MOA ZERO COMPROMISE SCOPE MOUNT BLACK](#)
- Manufacturer: [GEISSELE AUTOMATICS](#)
- Product no.: 430107579
- Mfr. No.: 05-1795B
- Elevation: 20 MOA
- Finish: Black
- Height: 1.54"
- Scope Tube Diameter: 36mm
- Weapon type: AR-15
- Delivery weight: 0.376kg
- UPC: 810081130585

# Safety Instruction Guide for SUPER PRECISION ZERO COMPROMISE SCOPE MOUNT

## Introduction

Thank you for choosing the SUPER PRECISION ZERO COMPROMISE SCOPE MOUNT by Geissele Automatics. This guide is designed to provide you with essential safety instructions and guidelines to ensure the safe use of your scope mount. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that the scope mount is compatible with your rifle and optics before installation.
- Always follow the manufacturer's instructions for both the scope mount and the optics.
- Inspect the scope mount for any damage or defects before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use protective eyewear when handling or installing the scope mount.
- Always be aware of your surroundings when using firearms and mounted optics.

## Specific Safety Precautions for Use

### • Installation Safety:

- Use only the tools specified by the manufacturer for installation.
- Ensure that the mount is securely attached to the receiver before use.
- Do not overtighten screws; follow the recommended torque specifications.

### • Handling Safety:

- Always treat your firearm as if it is loaded.
- Never point the firearm at anything you do not intend to shoot.
- Keep your finger off the trigger until you are ready to fire.

### • Maintenance Safety:

- Regularly check the mount for tightness and wear.
- Clean the mount according to the manufacturer's specifications.
- Store the mount in a cool, dry place when not in use.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Gather all necessary tools and ensure you have a clean workspace.
- Align the scope mount with the receiver of your rifle.
- Secure the mount using the provided nuts and bolts, ensuring they are tightened to the recommended torque.
- Attach the scope to the mount, ensuring proper alignment with the eye relief.
- Doublecheck all connections for security before use.

### 2. Usage Steps:

- Once installed, check the scope for proper functionality.
- Adjust the elevation and windage as needed for your shooting conditions.

- Always verify zero before engaging in any shooting activities.
- If any issues arise during use, cease operation and inspect the mount and scope.

## **Disposal Instructions**

- Dispose of the scope mount in accordance with local regulations.
- Do not dispose of the mount in household waste if it is damaged or contains hazardous materials.
- Consider recycling the mount if possible, as it is made from highstrength aluminum.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the SUPER PRECISION ZERO COMPROMISE SCOPE MOUNT, please refer to the manufacturer's website or contact their customer service.

By following these safety instructions, you can ensure a safe and enjoyable experience with your SUPER PRECISION ZERO COMPROMISE SCOPE MOUNT. Always prioritize safety and responsible handling of firearms and accessories.
