

AR-15 EXTRACTOR - LUTH-AR AR-15 EXTRACTOR

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractors](#)

AR15 Extractor This extractor is designed specifically for use with .223 caliber rifles and is made from durable, high-quality materials. It is an essential component of your rifle's firing mechanism and is responsible for extracting spent rounds from the chamber. Luth-AR's .223 extractor is easy to install and is compatible with .223 AR platforms. Whether you are replacing a worn or damaged extractor or just looking to upgrade your AR, Luth-AR's .223 extractor is a reliable and effective choice. Made from 4140 Alloy Steel, Mil-Spec Heat Treatment, Manganese Phosphate finish.

AR15 Extractor Safety Instruction Guide

Introduction

Thank you for choosing the LuthAR AR15 Extractor. This product is designed to enhance the performance of your .223 caliber rifle. It is essential to follow the safety guidelines and instructions provided in this guide to ensure safe and effective use of the extractor. This guide complies with the EU General Product Safety Regulation (GPSR) to ensure your safety and satisfaction.

General Safety Guidelines

- Ensure that the extractor is compatible with your specific AR15 model.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the extractor and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the extractor for signs of wear or damage before use.
- Do not attempt to modify the extractor or any firearm components.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on product recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or replacing the extractor.
- Use protective eyewear when handling or working on firearms.
- Follow the manufacturer's instructions for installation and usage to avoid potential hazards.
- Avoid using excessive force when installing the extractor to prevent damage.
- Ensure that the extractor is properly seated in the bolt before use.
- Be aware of your surroundings when handling firearms, especially in populated areas.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather necessary tools for installation, including a punch tool and a hammer.

2. Installation:

- Remove the bolt carrier group from your AR15.
- Locate the existing extractor on the bolt.
- Use the punch tool to carefully remove the retaining pin holding the extractor in place.
- Remove the old extractor and replace it with the new LuthAR extractor.
- Reinsert the retaining pin to secure the new extractor.
- Ensure that the extractor is properly aligned and seated.

3. Usage:

- After installation, reassemble the bolt carrier group into the firearm.
- Test the functionality of the extractor by cycling the action to ensure proper extraction of spent rounds.
- Regularly clean and maintain the extractor as part of your firearm's routine maintenance.

Disposal Instructions

- Dispose of the extractor and any other firearm components in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the LuthAR AR15 Extractor, please contact the manufacturer or your point of purchase. Ensure that you have the product information available for reference.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your LuthAR AR15 Extractor. Always prioritize safety and compliance with local laws when handling firearms. Thank you for your attention to these important safety measures.
