

SNAP CAPS FOR RIFLE CARTRIDGES - CARLSONS SNAP CAPS 223 REMINGTON ALUMINUM 2/PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

Dry Fire Without Damaging Your Firearm

Snap caps are great for dry fire practice because they let you concentrate on keeping the firearm steady during the trigger pull, which helps eliminate flinch when using live ammo. Pistol and Rifle caps have a solid aluminum body and a spring-loaded brass "primer" that absorbs firing pin impact to prevent damage to the tip of the firing pin.

Safety Instruction Guide for Carlson's Snap Caps 223 Remington

Introduction

Thank you for choosing Carlson's Snap Caps for your dry fire practice. These snap caps are designed to help you improve your shooting skills while ensuring the safety of your firearm. This guide provides essential safety instructions to ensure proper usage and handling of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Use snap caps only in a safe and controlled environment.
- Ensure that your firearm is in good working condition before use.
- Never use snap caps with live ammunition in the same area.
- Keep snap caps out of reach of children and unauthorized users.
- Regularly inspect snap caps for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction at all times.
- Do not use snap caps as a substitute for live ammunition in any situation.
- Be aware of your surroundings to avoid accidents during practice.
- Avoid using snap caps in firearms that are not designed for their specific caliber.
- Do not attempt to modify or alter the snap caps in any way.
- If a snap cap becomes lodged in the firearm, do not attempt to remove it without professional assistance.

Instructions for Installation and Usage

1. Loading the Snap Caps:

- Open the action of your firearm.
- Insert the snap caps into the magazine or the chamber as you would with live ammunition.
- Ensure the snap caps are seated properly and securely.

2. Dry Fire Practice:

- Ensure the firearm is pointed in a safe direction.
- Pull the trigger as you would with live ammunition.
- The snap cap will absorb the firing pin impact, preventing damage to the firearm.

3. PostUsage:

- After practice, remove the snap caps from the firearm.
- Inspect the snap caps for any damage or wear.
- Store the snap caps in a safe place away from children and unauthorized users.

Disposal Instructions

- Dispose of damaged or worn snap caps in a responsible manner.
- Do not throw snap caps in regular household waste.

- Check local regulations for proper disposal methods for aluminum and brass products.

Contact Information for Further Support

For any safety inquiries or additional support regarding Carlson's Snap Caps, please refer to the contact information provided on the packaging or visit the manufacturer's website.

Thank you for prioritizing safety in your shooting practice. Enjoy your training with Carlson's Snap Caps!
