

SNAP CAPS FOR RIFLE CARTRIDGES - CARLSONS SNAP CAPS 270 WINCHESTER ALUMINUM 2/PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

Dry Fire Without Damaging Your Firearm

Snap caps are great for dry fire practice because they let you concentrate on keeping the firearm steady during the trigger pull, which helps eliminate flinch when using live ammo. Pistol and Rifle caps have a solid aluminum body and a spring-loaded brass "primer" that absorbs firing pin impact to prevent damage to the tip of the firing pin.

Safety Instruction Guide for Carlson's Snap Caps for Rifle Cartridges

Introduction

Thank you for choosing Carlson's Snap Caps for your dry fire practice. These snap caps are designed to help improve your shooting skills by allowing you to practice without using live ammunition. This guide provides important safety information and usage instructions to ensure a safe and effective experience.

General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Use snap caps only in firearms that are compatible with the specified cartridge (270 Winchester).
- Never use snap caps for live fire or as a substitute for live ammunition.
- Store snap caps in a safe, dry place away from children and unauthorized users.
- Regularly inspect snap caps for signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction at all times during practice.
- Do not exceed the recommended number of dry fire practices per session to avoid potential wear on the firearm.
- Avoid using snap caps in environments where distractions may lead to unsafe handling of the firearm.
- Keep your fingers off the trigger until you are ready to practice.
- Do not attempt to modify or alter the snap caps in any way.

Instructions for Installation and Usage

1. Loading the Snap Caps:

- Open the action of your rifle.
- Insert the snap cap into the chamber, ensuring it is seated properly.
- Close the action of the rifle carefully.

2. Dry Fire Practice:

- Ensure you are in a safe environment.
- Align your sights and focus on your breathing.
- Pull the trigger smoothly while maintaining a steady aim.
- Observe the behavior of the snap cap. The springloaded brass "primer" will absorb the impact of the firing pin.

3. Unloading the Snap Caps:

- Open the action of your rifle immediately after practice.
- Remove the snap cap from the chamber.
- Store the snap cap in a safe location.

Disposal Instructions

- Dispose of damaged or worn snap caps according to local regulations for aluminum and brass materials.
- Do not throw snap caps in regular household waste. Instead, consider recycling options available in your area.

area.

Contact Information for Further Support

For inquiries about safety or product information, please reach out to the designated contact point for your region.

By following these guidelines and precautions, you can ensure a safe and effective experience while using Carlson's Snap Caps for dry fire practice. Always prioritize safety and responsible firearm handling.
