

CREMATOR PORTED WATERFOWL FOR BROWNING INVECTOR PLUS - CARLSONS CREMATOR PORTED CHOKE TUBES 12 GA BROWNING INV. PLUS BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's Cremator® Choke Tubes feature these brand new Triple Shot Technology (TST) and is offered in close mid and long range constrictions. TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. This design offers reduced pellet deformation, less flyers and more dense patterns. These benefits make the Cremator® Series extremely effective on all types of waterfowl throughout the entire season.

Safety Instruction Guide for Carlson's Cremator Ported Waterfowl Choke Tubes

Introduction

Thank you for choosing Carlson's Cremator® Ported Waterfowl Choke Tubes for your Browning Invector Plus shotgun. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the choke tubes.

General Safety Guidelines

- Ensure that the choke tube is compatible with your shotgun model before installation.
- Always handle firearms responsibly and safely.
- Keep the choke tubes out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding firearm usage and storage.
- Regularly inspect the choke tubes for damage or wear before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation or use of the choke tubes can lead to firearm malfunctions or accidents.
- **Avoiding Hazards:**
 - Always ensure that the shotgun is unloaded before installing or removing the choke tube.
 - Do not exceed the recommended load specifications for your shotgun and choke tube combination.
 - Avoid using damaged or worn choke tubes, as they may affect performance and safety.
 - Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is completely unloaded.
- Using a choke tube wrench, carefully remove the existing choke tube from the shotgun barrel.
- Inspect the threads of the barrel and the choke tube for any debris or damage.
- Align the Carlson's Cremator® Choke Tube with the threads of the barrel.
- Handtighten the choke tube until snug, then use the wrench to secure it further without overtightening.

2. Usage:

- Load your shotgun according to the manufacturer's specifications.
- Aim and fire in a safe direction, ensuring that the shooting area is clear of people and obstacles.
- After use, unload the shotgun and check the choke tube for any signs of damage or excessive wear.

Disposal Instructions

- Dispose of old or damaged choke tubes responsibly.
- Follow local regulations for the disposal of firearm accessories.
- If unsure, consult with a local firearms dealer or authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Carlson's Cremator® Choke Tubes, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with Carlson's Cremator® Choke Tubes!
