

CREMATOR PORTED WATERFOWL FOR WINCHESTER - CARLSONS CREMATOR PORTED CHOKE TUBES 12 GA WINCHESTER BLK

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's Cremator® Choke Tubes feature these brand new Triple Shot Technology (TST) and is offered in close mid and long range constrictions. TST is a series of three graduated rings in the taper section of the choke tube that allows a more gradual transition from the shotgun bore to the final constriction. This design offers reduced pellet deformation, less flyers and more dense patterns. These benefits make the Cremator® Series extremely effective on all types of waterfowl throughout the entire season. The Cremator® series has no size or speed restrictions with steel shot in any of the three constrictions. Also get all the benefits of an extended choke tube, including a 25% longer parallel section for tighter and more dense patterns, wrench-less installation, quick removal and helps with muzzle protection. They are offered in your choice of ported or non-port configurations.

Attributes

- Name: [CARLSONS CREMATOR PORTED CHOKE TUBES 12 GA WINCHESTER BLK](#)

Safety Instruction Guide for Carlson's Cremator Ported Choke Tubes

Introduction

Thank you for choosing Carlson's Cremator Ported Choke Tubes for your Winchester shotgun. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your choke tubes. Please read this document carefully before use.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents and injuries.
- Always treat your firearm as if it is loaded, even when it is not.
- Store choke tubes and firearms securely and out of reach of children.
- Regularly inspect your choke tubes for signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Use only approved ammunition types as specified by the manufacturer.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure that the choke tube is properly installed before firing.
- Do not exceed recommended shot sizes or speeds as specified by the manufacturer.
- Avoid using damaged or improperly fitted choke tubes, as they may cause malfunctions.
- Ensure the firearm is pointed in a safe direction at all times when loading or unloading.
- Be aware of your surroundings and ensure that the shooting area is clear of people and obstacles.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Make sure the firearm is unloaded and pointed in a safe direction.
2. **Remove Existing Choke:** Use a choke wrench to carefully remove the existing choke tube if applicable.
3. **Install the Cremator Choke Tube:**
 - Align the threads of the choke tube with the barrel.
 - Handtighten the choke tube into the barrel until snug.
 - Use the choke wrench to tighten further, but do not overtighten.
4. **Check Installation:** Ensure that the choke tube is securely installed and that there are no gaps.

Usage

- Load your shotgun according to the manufacturer's instructions.
- Fire the shotgun only when you are ready and in a safe environment.
- After use, always clean the choke tubes and the firearm to maintain performance.

Disposal Instructions

- Dispose of used or damaged choke tubes responsibly.
- Do not throw choke tubes in regular trash; check local regulations for disposal of metal components.
- Recycle materials where possible and ensure that any hazardous materials are disposed of according to local laws.

Contact Information for Further Support

For any safety inquiries or assistance regarding your Carlson's Cremator Ported Choke Tubes, please refer to the contact details provided on the product packaging or the manufacturer's website.

Conclusion

By following these guidelines, you can ensure a safer shooting experience with your Carlson's Cremator Ported Choke Tubes. Always prioritize safety and be aware of the responsibilities that come with firearm ownership. Thank you for choosing our product, and enjoy your shooting experience.
