

SPORTING CLAYS FOR WINCHESTER CHOKE TUBES - CARLSONS WIN-CHOKE 12 GA SPORTING CLAY MODIFIED WINCHESTER SS

[Shotgun Parts](#) > [Choke Tubes & Accessories](#) > [Choke Tubes](#)

Carlson's Sporting Clays Choke Tubes are made from 17-4 stainless and precision machined to produce a choke tube that patterns better than standard choke tubes. These choke tubes feature a 25% larger parallel section in the choke, thus throwing more consistent patterns than conventional choke tubes. Lead, Copperplated, Nickel Hevi-Shot™, Bismuth, Tungsten or Steel Shot may be used in these choke tubes. For best results, pattern your choke tube with the specific shotshell load you will be using in the field. Different ammunition patterns differently from the same choke tube.

Attributes

- Name: [CARLSONS WIN-CHOKE 12 GA SPORTING CLAY MODIFIED WINCHESTER SS](#)
- Manufacturer: [CARLSONS](#)

Safety Instruction Guide for Carlson's Sporting Clays Choke Tubes

Introduction

Thank you for choosing Carlson's Sporting Clays Choke Tubes for your Winchester shotgun. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the choke tubes.

General Safety Guidelines

- Ensure the choke tube is compatible with your shotgun model.
- Always handle firearms with care and ensure they are unloaded when installing or removing the choke tube.
- Store choke tubes in a safe, dry place away from children and unauthorized users.
- Regularly inspect the choke tube for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper installation may lead to malfunction or injury.
- Using incompatible ammunition can cause damage to the choke tube or firearm.
- Failure to maintain the choke tube can result in decreased performance or unsafe conditions.

- **Instructions to Avoid Hazards:**

- Always refer to the manufacturer's guidelines for installation and usage.
- Use only recommended shot types: Lead, Copperplated, Nickel HeviShot™, Bismuth, Tungsten, or Steel Shot.
- Test the choke tube with the specific shotshell load you plan to use for optimal performance.
- Never attempt to modify or alter the choke tube.

- **AgeSpecific Warnings:**

- This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation Instructions:**

1. Ensure the shotgun is unloaded and pointed in a safe direction.
2. Use a choke tube wrench to remove the existing choke tube from the shotgun.
3. Clean the threads of the choke tube and the shotgun's barrel.
4. Insert the Carlson's choke tube into the barrel and handtighten it.
5. Use the choke tube wrench to secure the choke tube firmly, but avoid overtightening.

- **Usage Instructions:**

- Always verify that the choke tube is secured before firing.
- Pattern your choke tube with the shotshell load you will be using to ensure consistent performance.

- Be aware of your surroundings and follow all safety protocols when shooting.

Disposal Instructions

- Dispose of any damaged or worn choke tubes in accordance with local regulations.
- Do not dispose of choke tubes in regular household waste. Check with your local waste management facility for proper disposal methods.
- If the choke tube is no longer usable, consider recycling if possible, following local guidelines.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and enjoyable experience with Carlson's Sporting Clays Choke Tubes. Thank you for prioritizing safety in your shooting activities.
