Safety Instruction Guide for Browning Invector Plus Flush Mount Replacement Choke Tubes

Introduction

Thank you for choosing the Browning Invector Plus Flush Mount Replacement Choke Tubes by Carlson's. This guide provides essential safety information and instructions for the proper use and maintenance of your choke tubes to ensure safe and effective performance. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the choke tubes are compatible with your Browning Invector Plus shotgun before use.
- Always handle firearms and ammunition responsibly and in accordance with local laws and regulations.
- Do not exceed the recommended specifications for steel shot as outlined in the product description.
- Keep choke tubes and firearms out of reach of children and unauthorized users.
- Regularly inspect choke tubes for damage or wear before each use.
- Report unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only the recommended types of shot: Steel, Lead, and HeviShot.
- Do not use steel shot larger than #BB or speeds exceeding 1550 fps in choke tubes tighter than full.
- Avoid using steel shot larger than #4 in the Turkey constriction.
- Always ensure that the choke tube is securely installed before firing the shotgun.
- Never attempt to modify or alter the choke tubes in any way.
- If you notice any unusual performance or damage, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Remove the existing choke tube using a choke tube wrench if necessary.
- Clean the threads of the choke tube and the barrel with a soft cloth to remove any debris.
- Handtighten the new choke tube into the barrel until snug. Do not overtighten.
- Use a choke tube wrench for a secure fit if necessary, following the manufacturer's instructions.

2. Usage:

- Always verify that the choke tube is properly installed before firing.
- Load the shotgun according to the manufacturer's instructions and local laws.
- Fire only in designated shooting areas and ensure a safe backdrop.
- After use, clean the choke tube and shotgun to prevent corrosion and ensure longevity.

Disposal Instructions

- Dispose of any damaged or worn choke tubes according to local regulations.
- Do not dispose of choke tubes in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all materials are disposed of in an environmentally responsible manner.

Contact Information for Further Support

For questions or concerns regarding the Browning Invector Plus Flush Mount Replacement Choke Tubes, please refer to the manufacturer's contact information provided with your product packaging or visit their official website.

By following these guidelines and instructions, you can ensure safe and effective use of your Browning Invector Plus Flush Mount Replacement Choke Tubes. Thank you for prioritizing safety and responsible firearm use.
