

NON-RECIPROCATING CHARGING HANDLE FOR FN SCAR® - KINETIC DEVELOPMENT GROUP LLC NRCH CHARGING HANDLE AMBI FOR 5.56/7.62 CAL. FN SCAR FDE

[Rifle Parts](#) > [Bolt Parts](#) > [Charging Handle Parts](#) > [Charging Handles](#)

The Scarging handle fits both 5.56 and 7.62 NATO versions of the NRCH FN SCAR and installs in seconds. The geometry of the Scarging Handle allows a superior grasp and additional leverage when charging, clearing stoppages, and administratively locking the bolt to the rear. Choose between left or right-side installation (or both), in either an upwards or downwards sweep. The downward sweep protects your hand from busting knuckles on optic mounts and other accessories by angling the charging handle down and away from the top of the weapon. Scarging Handles are constructed of low carbon steel and finished with black Nitride or FDE Cerakote made 100% in the USA. Fits all Non-Reciprocating Charging Handle (NRCH) model FN Scars ONLY.

Attributes

- Name: [KINETIC DEVELOPMENT GROUP LLC NRCH CHARGING HANDLE AMBI FOR 5.56/7.62 CAL. FN SCAR FDE](#)

NonReciprocating Charging Handle Safety Instruction Guide

Introduction

Thank you for purchasing the NonReciprocating Charging Handle for FN SCAR® by Kinetic Development Group LLC. This guide provides essential safety instructions and usage information to ensure the safe and effective operation of your charging handle. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the charging handle is compatible with your FN SCAR model (5.56 or 7.62 NATO).
- Always handle firearms with care and follow all safety protocols.
- Keep the charging handle and firearm away from children and unauthorized users.
- Inspect the charging handle regularly for signs of wear or damage.
- Do not use the charging handle if it appears damaged or malfunctioning.
- Store the charging handle in a secure location when not in use.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or using the charging handle.
- Use the charging handle only as intended; avoid using excessive force.
- When charging the weapon, maintain a firm grip on the charging handle to prevent slips.
- Be aware of your surroundings to avoid hitting objects or people when operating the charging handle.
- If using the downward sweep option, ensure that your hand is positioned correctly to avoid injury.
- Do not attempt to modify or alter the charging handle in any way.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is completely unloaded.
2. Remove the existing charging handle if applicable.
3. Choose the preferred side for installation (left or right).
4. Align the NonReciprocating Charging Handle with the designated slot on the FN SCAR.
5. Gently push the charging handle into place until it is securely fitted.
6. Confirm that the charging handle operates smoothly before use.

Usage

- To charge the weapon, grasp the charging handle firmly.
- Pull the charging handle back to the rear of the firearm to chamber a round or clear a stoppage.
- If using the downward sweep option, angle the handle downwards and away from the top of the weapon.
- To lock the bolt to the rear, pull the charging handle back fully and engage the bolt catch.

Disposal Instructions

- Dispose of the charging handle in accordance with local regulations.
- If the charging handle is damaged or no longer in use, consider recycling materials where applicable.
- Do not dispose of the charging handle in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please reach out to your local authorized dealer or manufacturer representative. Ensure to have your product details ready for a more efficient response.

Thank you for prioritizing safety. Enjoy the enhanced performance of your NonReciprocating Charging Handle for FN SCAR®.
